

WINNETKA TALK

Saturday, November 5, 1927

HOW DOES YOUR CHILD MEASURE UP?—Miss Ethel Kawin, director of the Mary Crane branch of the Illinois Institute for Juvenile Research, is shown testing mental and achievement ability of 4 year old child by board and peg performance. Miss Kawin, who also is supervising the psychology tests of the Winnetka Public School Nursery, is giving a series of ten lectures on "Child Study" at the Glencoe Central School auditorium on Monday afternoons.
