**Teatro Announces Special Wednesday Afternoon Matinee**

Teatro del Lago, located in "No Man's Land" on Sheridan road between Kenilworth and Wilmette, announced this week that they would present a special matinee program next Wednesday for the benefit of patrons desiring to attend an afternoon performance of "The Big Parade," featuring John Gilbert and Renee Adoree, which will be showing for the first three days of the week.

"The Big Parade" is one of the most outstanding of the really "big" war pictures.

Briefly the story centers in Jim Apperson, a typical fun-loving American, and much like any other rich man's son. In the spring of 1917, fired by a new patriotism, he enlists and departs for service in France. The succeeding scenes show Jim and his two buddies; Bull, a former Bowery bartender, and Slim, an ex-riveter, and their life in the doughboys' billets in rural France. Mr. Stallings is said to have created a trio as original as Kipling's "Soldiers Three."

And then Jim meets Melisande—as played by Renee Adoree—and forgets about his American sweetheart. This little French girl in her wooden sabots and milkmaid garb is a figure of high romance. Some of the most touching scenes ever filmed are those of the lovemaking of Jim and Melisande. Then comes the advance to the front and the lovers are separated. Vital moments of drama are shown in the advance through the forest, the attack on the French village, the trenches, shell-holes, machine gun nests, the wounding of Jim and the final fight for his two pals. Then home again and the reconstruction period when the two lovers then reunited. Realism dominates every scene.
