

COUNTRY HOMES

are rapidly taking the place, in the family life, that was so largely occupied by the city dwelling. Improvement in steam and electric transportation, together with the extension of hard roads for auto travel has brought large territories within reach of country loving people. No one now can be denied the peace and quiet of country life, its pure air, open spaces and its promise to happy childhood. Have you ever asked yourself—"Can I afford to deny my family and myself these joys of country life?"

Overlooking the fairways of the North Shore Golf club, bordered on either side by estates, we are offering a country home of 1 1/2 acres. The home, resting on a small knoll, comprises six rooms and is modern throughout. It is attractively landscaped and numerous orchard trees add to its beauty. Here is found the comforts of country life, the place for the kiddies' sandpile and swing beneath the apple trees, and a wide spacious lawn for their play. This is priced at \$21,000.

Nearby, there is a delightful white home, surrounded by stately maples and a wide spacious lawn, with 5 acres of land. The home has all modern conveniences. An orchard comprised of various fruits lies to the west. Here, too, is to be found those things that bring joy to childhood and contentment to all. This is offered at \$35,000.
