DOUGLAS SMITH DIES

Noted Philanthropist, Resident of Winnetka, Passes Away While Undergoing Operation at St. Lukes

Funeral services for Douglas Smith, president of the board of directors of the Pepsodent company, who passed away at St. Luke's hospital while undergoing an operation for gallstones last Tuesday, were conducted from the family residence, 915 Sheridan road, Winnetka, at 2 o'clock Thursday afternoon.

Mr. Smith had survived a similar attack on October 20 and was released from the hospital on October 31. Last Sunday night he was seized with another attack and was taken to the hospital for the operation. Death was due to a rupture of the right ventricle of the heart, according to the verdict of the coroner's jury, while the operation was being performed by Dr. J. A. Capps and Dr. L. L. McArthur.

Mr. Smith was born in Highland Park December 9, 1861. For a number of years latterly he had divided his residence between Chicago and California, and had returned from the west only a few days before his first illness.

In recent years Mr. Smith had been interested in various philanthropies and in 1925 he made a gift of \$1,000,000 to the University of Chicago foundation for medical research, now known as the Douglas Smith foundation, which specifically provided for payment of salaries of persons engaged in conducting research in the school of medicine.

Mr. Smith was treasurer for seventeen years of the Allendale association, which had as its interest the schooling and training of boys, and was president of the Hadley correspondence school for the blind at Winnetka. He was a member of the Chicago, the City and the Indian Hill clubs here; the Midwick and Avondale country clubs of Pasadena, Cal., and the Monterey Peninsula Country club of Pebble Beach, Cal.

Surviving are the widow, Mrs. Emroy June Smith, whom he married at Oak Park in 1886; and three children: Kenneth Gladstone Smith, president of the Pepsodent company, of Chicago; Mrs. June Kieth Slater of Pelham Manor, N. Y.; and Mrs. Florence Clifford Ellis of San Mateo, Cal.

Fredrick D'Aix of Kenilworth has gone to his mine in New Mexico.
