

Experts Make Study of Future Needs of Northwestern Course

The directors of the Northwestern Golf club are calling a meeting of the chairmen of the different committees to meet at the residence of Harry M. Bachman, 1249 Maple avenue, Wilmette, chairman, Greens and Grounds committee, to discuss club matters for the coming year.

The Northwestern Golf club is to be a permanent organization limited to 250 members, with advanced green fees and privileges it has always enjoyed in the past. The clubhouse is to be finished and to have all conveniences for the members. The large parking space around the clubhouse is to be concreted. The contract is let for the same. Commissioner Oscar W. Schmidt has given the club assurance that the course and grounds will be greatly improved. Some of the fairways will be widened and the dog-legs straightened.

Commissioner Schmidt, Chick Evans, Golf architect, Ransom Kennicott, chief forester, and Harry M. Bachman, Northwestern Golf club, made a trip over the course for the purpose of determining improvements which will be done at once.

The golfers are assured that every effort will be made to make this one of the finest courses in Cook county and that the course will be put in such shape so that there will be no congestion of players.

The Kenilworth Home and Garden club will meet on Monday at the home of Mrs. Alfred Hodge on Warwick road. This will be a very important meeting of the club due to the fact that Mrs. Emma Hodge, curator of ceramics at the Art institute of Chicago, will address the members on the interesting subject of "Old Glass." During the meeting, Mrs. Alfred Hodge will have on display her own valuable collection of lovely old glassware.

Saturday evening the Kenilworth club is having a Football supper dance celebrating Homecoming day and the football season.
