Mr. and Mrs. Champ

Mr. and Mrs. T. D. Harvey made the championships at the Evanston Community Golf club a strictly family affair this past season by winning top honors in both the women's and club tournaments. It was a commonplace thing for Mrs. Harvey to do as she has won the title every year she has played at the Community club, and that means six times. But for her husband it was the first time.

Mrs. Charles Knight of Evanston was hostess Wednesday last for Les Matinees Francaises.

1927 Witnesses
Numerous Motor
Accidents Here

A marked increase in careless driving, "or what have you," is shown in a compilation of vehicular accidents in Winnetka, as compared with those during the entire year of 1926, when the total showed 95, as against 140 in 1927, up to and including November 8.

The only consolation to be derived from a further study of the data goes to the women drivers. Only 72 of the drivers involved in accidents were women, while 339 were men, but the percentage of men drivers is far greater than women, it is pointed out.

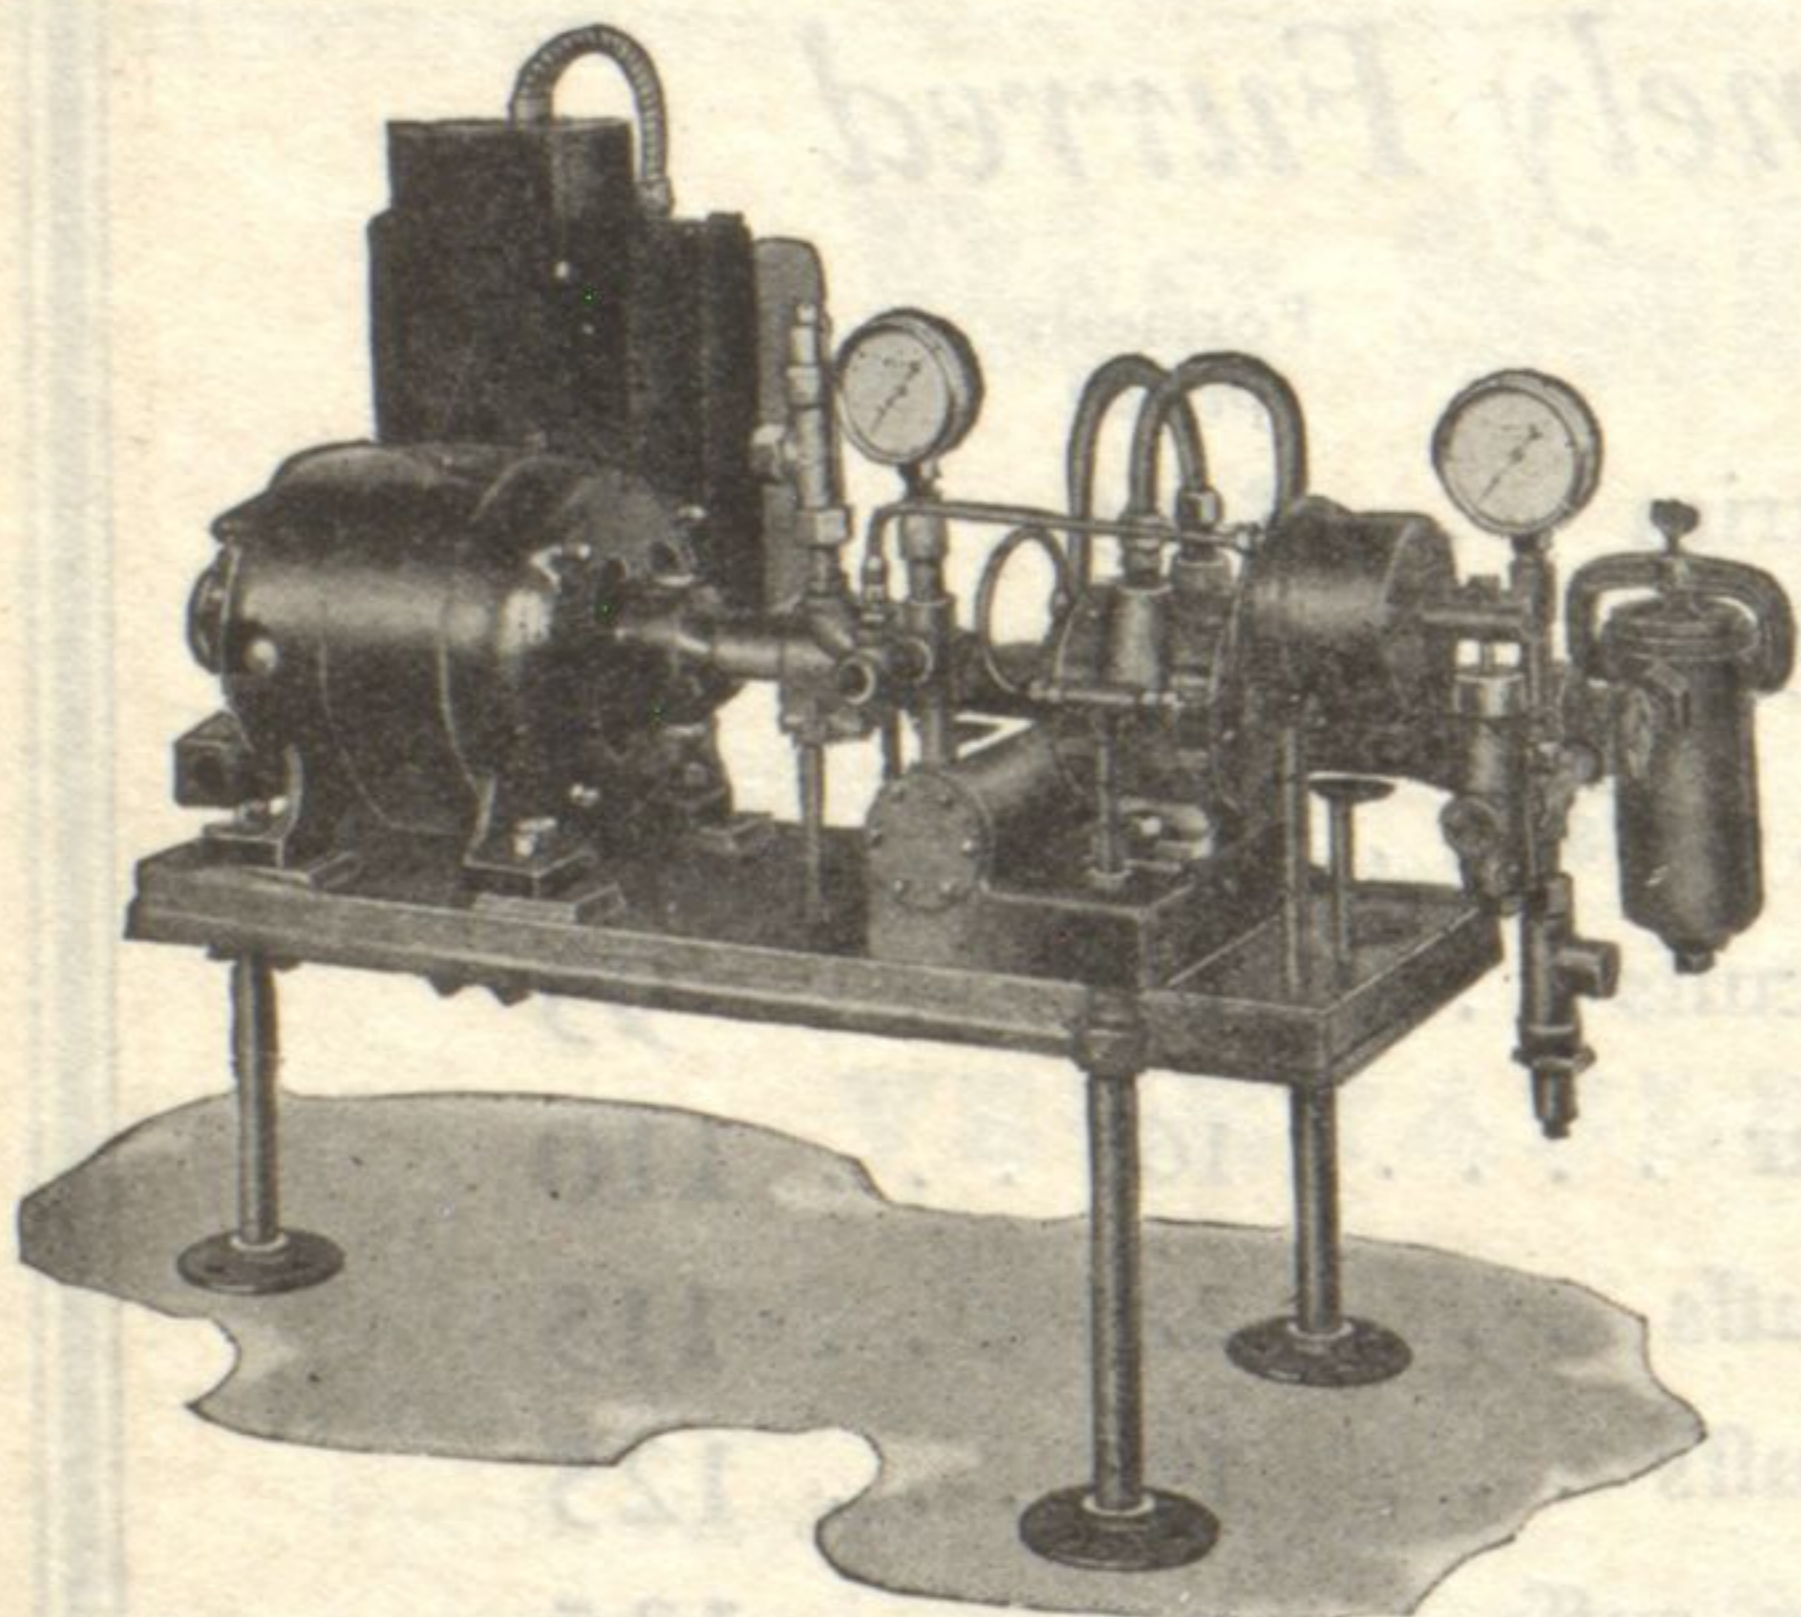

One of the outstanding features of the analysis is, that only 159 Winnetka drivers were involved, as against 257 who are non-residents of the village, indicating a far better observance of traffic regulations and precautionary measures by Winnetkans than by others passing through the village.

These statistics were prepared by the Winnetka Police department for Village Manager H. L. Woolhiser and the members of the Village board, to be used in connection with the study and survey which is being given automobile traffic problems in the village at this time.

SORORITY GIVES HOMECOMING

The Alpha Phi sorority is giving a homecoming tea Sunday, November 13, for all alumnae and their husbands. Those pouring will be Mrs. Thomas Moulding of Wilmette and Mrs. Robert L. Scott, Mrs. Perkins Bass, Dean Winifred Richardson, Mrs. O. F. Love and Mrs. A. D. Sanders, Jr.

Mr. and Mrs. Horace Newhall and their children, 654 Garland avenue, are moving to Arizona. They are leaving Winnetka November 28.

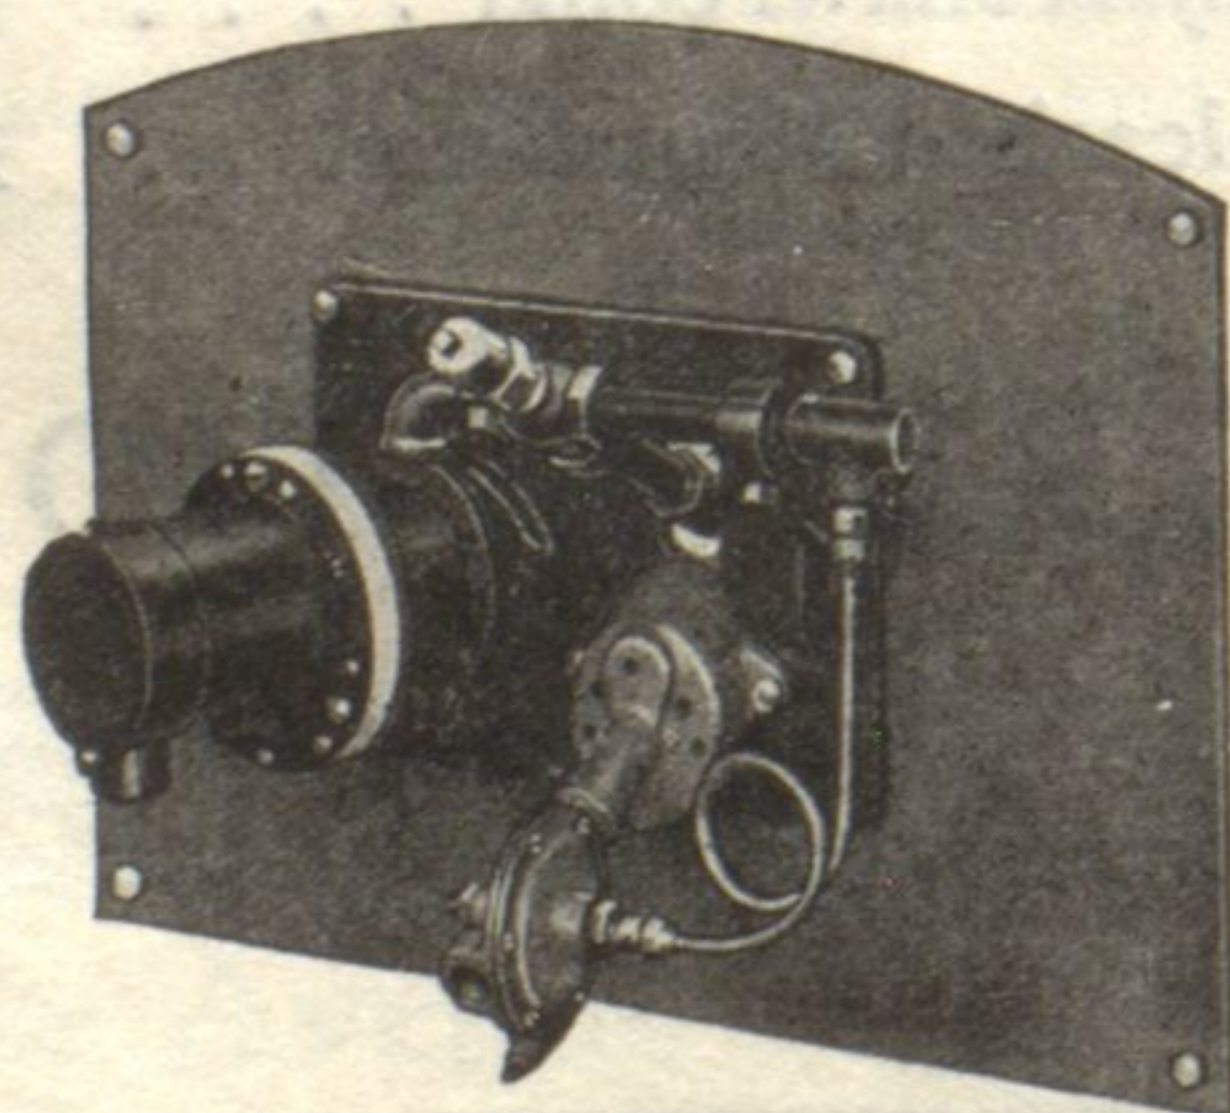

Lammert
Oil
Burners

The largest selection of burners ever offered by any manufacturer. Made in different sizes, models and combinations, which enables us to fit the proper burner to any heating plant, irrespective of size, from small homes to the largest industrial buildings. The principal of combustion is the same throughout, and shows the same efficiency, economy and stability in the home as in the larger buildings.

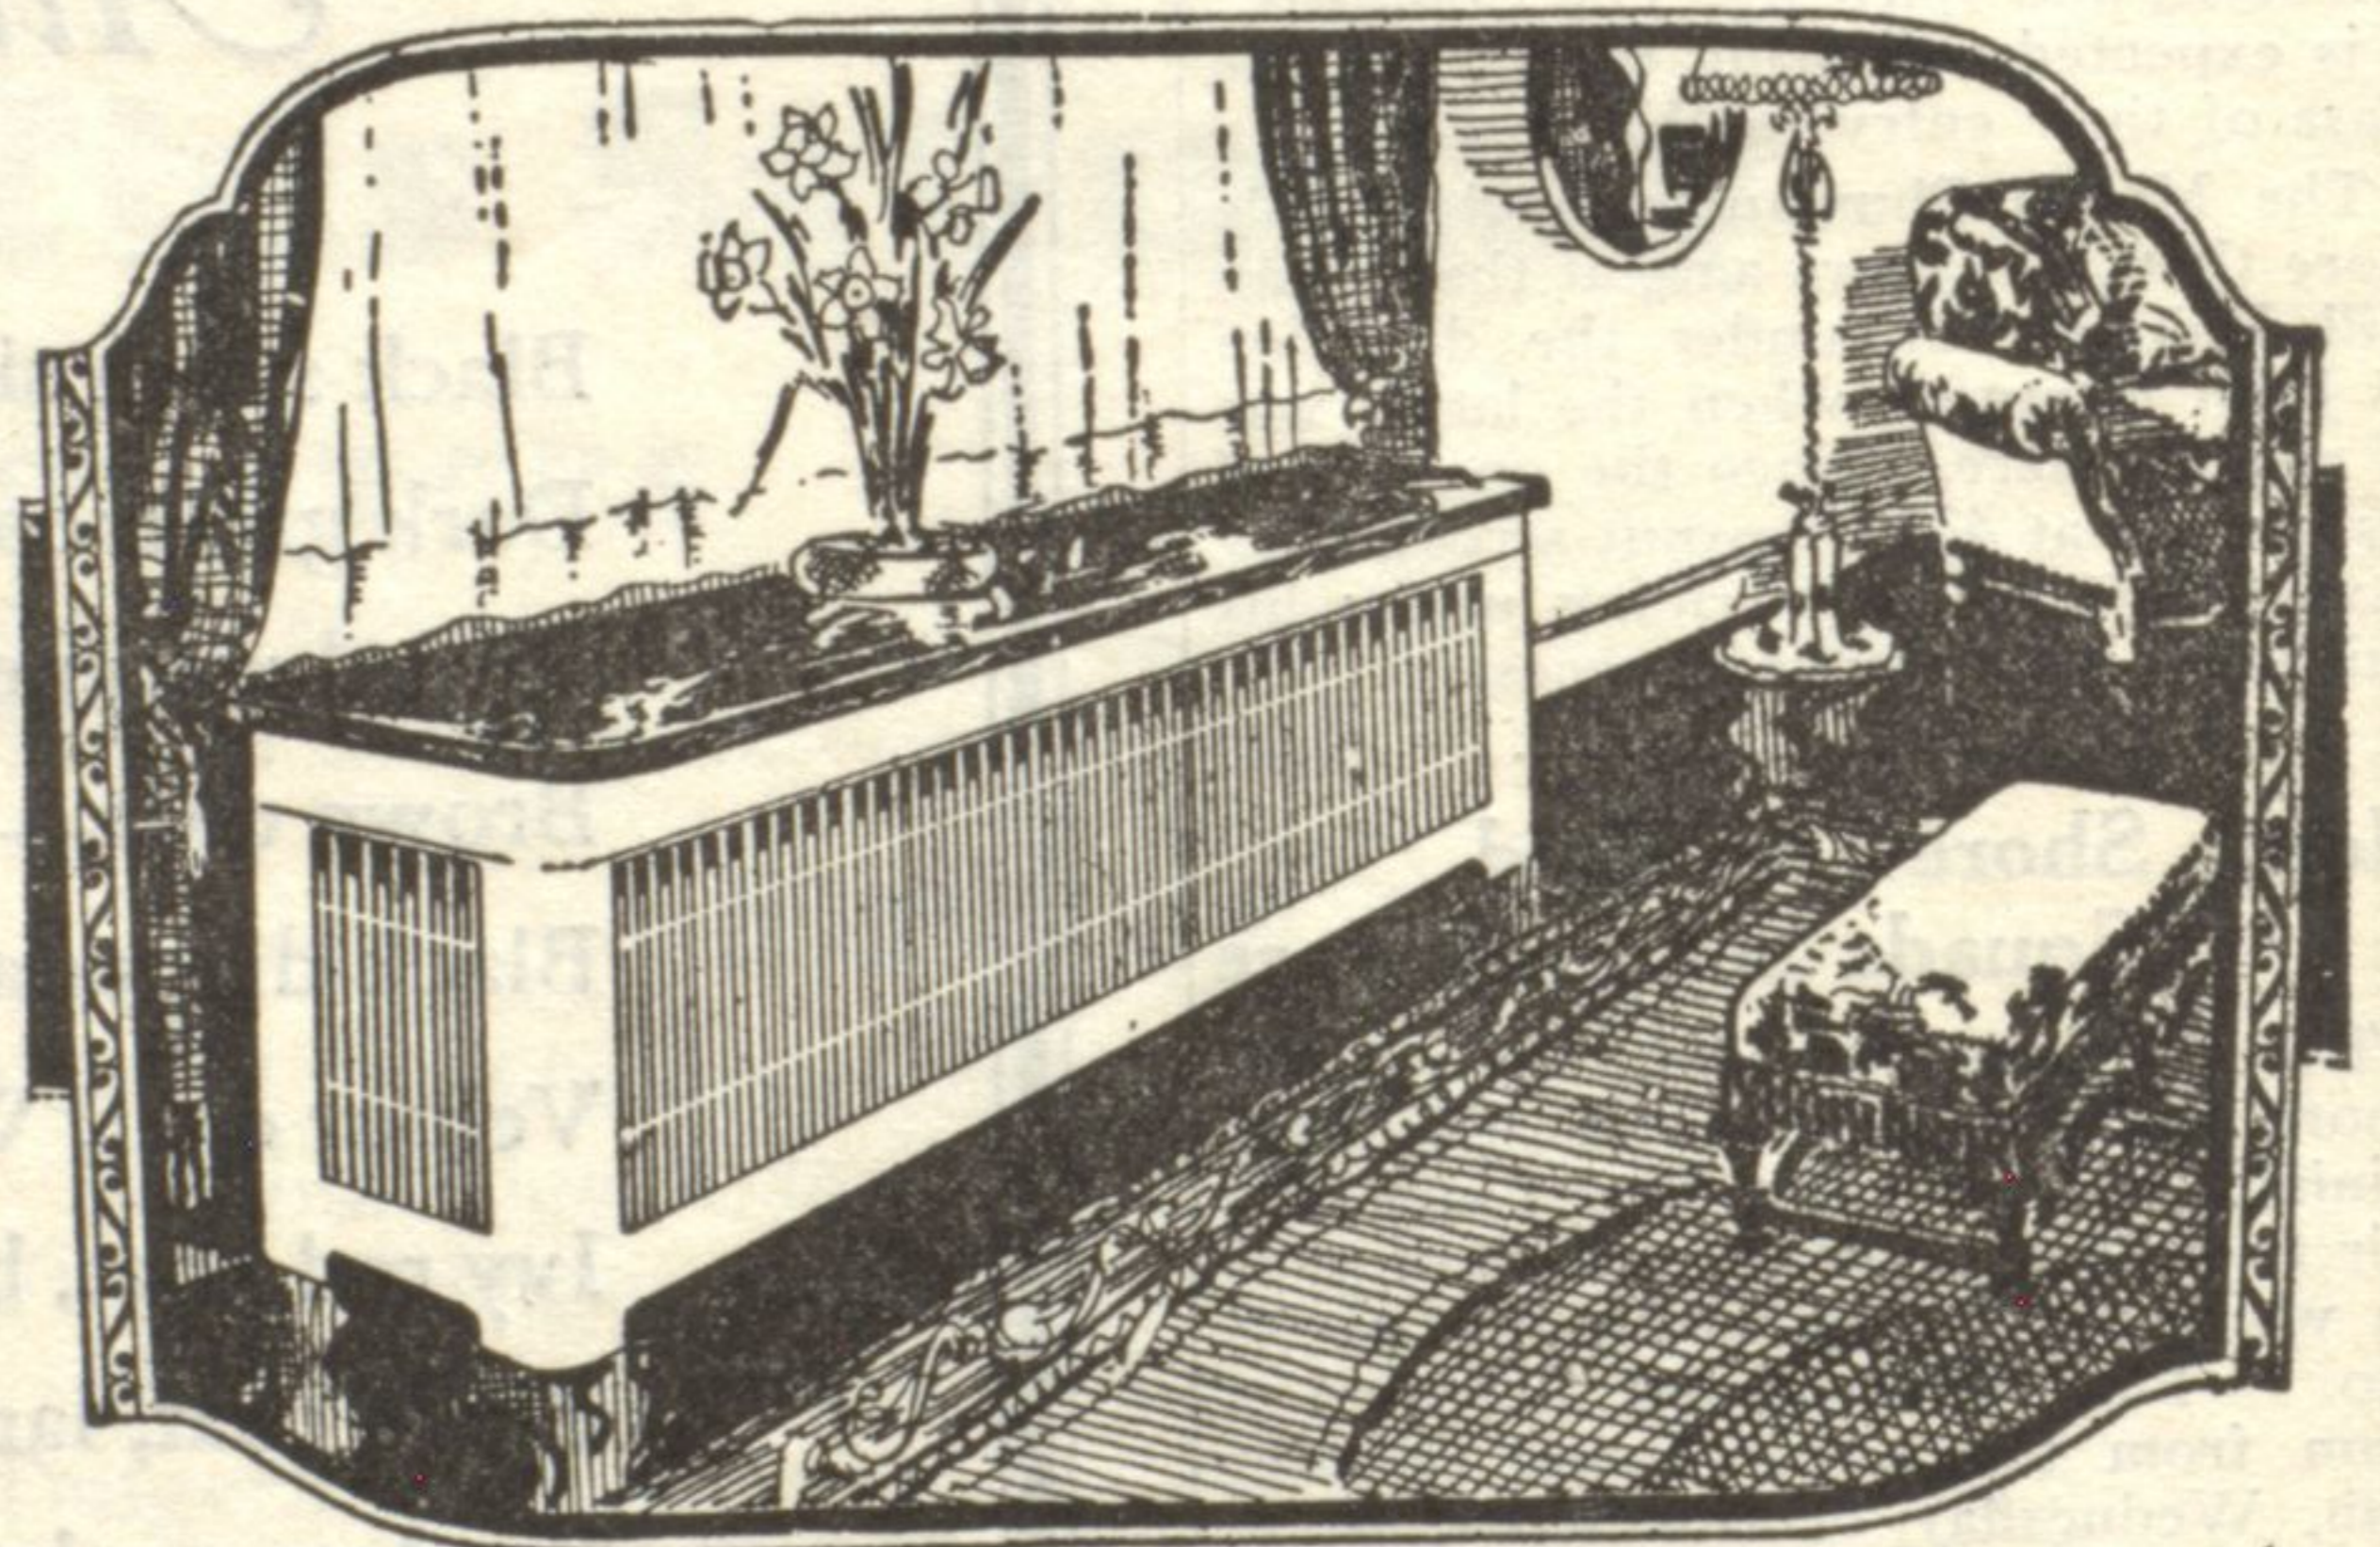

Lammert Burners are reasonable in price, full automatic and burn heavier oils than other burners.

Built by a firm established since 1892 and financially able to stand back of their products.

Factory service and installation in any part of the North Shore.
