**BREAKERS BEACH GOLF COURSE TO OPEN SOON**

**Country Club Idea Fosters by Shore Club Includes Variety of Activities**

Combining the advantages of a town and country club, plus the added enjoyment of more than three hundred feet of private bathing beach, the newest addition to the clubs surrounding Chicago, the Breakers Beach and Country club, located in "No Man's Land" near Wilmette, is rapidly rounding into something tangible, since the first few of the intended twelve stories of the structure have been completed.

The country-club feature of this newest recreational organization was added to the plan shortly following the beginning of construction of the beach club building. Located on Waukegan road, within a fifteen minute drive of the parent club, two eighteen-hole and one nine-hole golf courses are being laid out. One of the eighteen-hole courses already is rounding into shape enough to offer excellent sport to the members next spring. The recent summery weather has been of great aid to the landscape-gardeners in their conditioning and planting of the important fairway and greens grasses.

**English Mansion Club**

An old English mansion is being used as the nucleus for the potential clubhouse, which will be fully equipped to meet the needs of those who have trudged through 36 holes of golf. A feature of the economy program injected into the project is the limiting to actual necessities in the way of food at the course clubhouse, while the beach clubhouse will offer the products of one of the finest dining rooms in Chicago. A private bridle-path and a battery of tennis courts for those liking strenuous exercise will be situated near the golf courses.

Among the privileges to be enjoyed by members of this club, of which there are already between 1,800 and 2,000, are a private beach—the club having riparian rights with its property; indoor swimming, a fully equipped gymnasium, including hand-ball courts, bowling alleys, card rooms, a ballroom, a glass enclosed promenade, barber and beauty shops, billiard and writing rooms, library, a nursery, and an ice-skating rink. An unusual feature will be the bathers' grill, where table service may be had without changing into street attire. In addition there will be 250 guest rooms at the disposal of members and their friends.
