822 STUDENTS ENROLLED IN KINDERGARTEN COLLEGE

Registration Increased by 34
Percent Over Last Year;
Doubled in Five Years

An increase of 34 percent in the enrollment over that of the previous year, important changes in the curriculum and the organization of large groups of mothers in Parental Education courses, were the outstanding features of the year 1926-27 in the history of the National Kindergarten and Elementary college, according to the report presented by President Edna Dean Baker at the annual meeting of the governing board, held in the Orrington Hotel on Tuesday evening, November 15.

During the past five years the enrollment of the college has practically doubled, but the increase from 612 to 822 students in the last year is particularly significant as it represents the result of the removal from Chicago to the North Shore as shown by the figures for the first complete year in this location. Harrison hall, the college building, is filled to capacity and additional dormitory accommodations had to be secured in an apartment adjoining Marienthal.

Many Schools Represented

Twenty-five college graduates and 235 students with some previous college or normal school training, representing 145 different schools, were included in the enrollment, the largest number coming from Northwestern university and the University of Chicago. Three hundred and seventy-one high schools were represented, the following quotas coming from local schools:

Evanston Township High school, 31; Oak Park, 19; Lake View, 18; Nicholas Senn, 13; Lyons Township, 12; and Waukegan, 10.

5 Auto Accidents Reported to Police Within Four Days

Five automobile accidents have been reported by the Winnetka police since Thursday of last week. There were two on November 10; one the following day and two on November 13. One of the former accidents was at Linden avenue and Willow street where cars driven by G. F. Austin, of 437 Chestnut street, and L. DeSanto, of Greeley and Washington streets, Wilmette, collided. Both drivers were injured, but not seriously, according to Sergeant Ed Cummings and Officer Harold Lewis. The other accident, the same evening, occurred at Center and Eldorado, in which M. E. Bault, of 1516 Maple avenue, Evanston was injured. His car was parked at the curb, with a door open which was struck by a car driven by John M. Connors, of 749 Grove street, Glencoe, according to the report of Sergeant Ed Cummings and Officer William Burgdorf.

The one accident occurring the following day was the result of cars skidding on a wet pavement. The drivers were D. S. Magill, of 471 Elder lane, Winnetka and T. S. Delang, of 1501 Forest avenue, Wilmette. Neither driver was injured according to the report of Sergeant Ed Cummings and Officer Carl Bishop.

November 13 proved unlucky for John Burdette, of 300 Poplar street, and J. H. Lindemann, of 1089 Spruce street, Winnetka, when the car driven by the former crashed into the right side of the car driven by Lindemann, at Elm street and Linden avenue, according to the report of Officer Ralph Rayburn. Neither driver was injured.

Mrs. Samuel G. Goss, Sr., Longwood avenue, Glencoe, is expected back from Winter Park, Fla., next week.
