### Steals Wilmette Car to Rob Evanston Gas Station

Stealing a car belonging to C. R. Johnson, 923 Greenleaf avenue, Wilmette, and utilizing it as a means of getting away following a hold-up at a gasoline filling station at Ridge avenue and Clark street, Evanston, were traceable accomplishments of a bandit last Monday night.

Early in the evening Mr. Johnson reported the theft of his car from in front of the Brown building on Wilmette avenue to the Wilmette police who immediately broadcast the news to the police departments of surrounding cities. Some time later the machine was again heard from when the Chicago police called to state that attendants at the filling station had given the car's license number as that of the one used by a hold-up man who had relieved them of \$25 in cash.

### Springtime Brides

Photos by Casebeer

Mr. and Mrs. E. B. Metzel of Kenilworth recently announced the engagement of their daughter, Winifred, to Ballard V. Higbee, son of Mr. and Mrs. John W. Higbee of Wilmette. Their marriage will be a spring event.

Announcement was made last week by Mr. and Mrs. Fred Duane Buckman of Wilmette of the betrothal of their daughter, Eleanor Anabel, to John A. Thompson, also of Wilmette. Miss Buckman and Mr. Thompson are to marry in the spring.

### Orders Installation of Emergency Valves for Water Systems

Village Manager George R. Young was directed by the village board of Glencoe at its postponed meeting last Saturday evening to proceed with the work of providing valve connections between the water systems of Glencoe and Winnetka. This action was taken on a favorable report from Alvord, Burdick and Housen, consulting engineers who designed the new Glencoe waterworks now in course of construction and which plan has also been approved by Winnetka.

With the connection of the two systems, either village, in case of emergency, will be enabled to aid the other and will provide for almost any imaginable contingency which might arise, it is said.

For instance, if, during the winter time, the intake at either plant should become clogged with anchor ice, water supply from the other plant would be available, as it is not probable that

both plants would be so crippled at the same time. Two sets of filtration plants are also available. The Winnetka plant has steam and electric power equipment and the Glencoe plant will have gasoline and electric power.

### Announce Boy Scout Board of Review on December 14

Scouts who are advancing in rank, either to Second or First Class rank, or who are earning Merit badges or higher ranks, will appear at the Board of Review, held at the office of the Byron Stolp school Wednesday, December 14. The committee of Wilmette men in charge of the Board of Review are: J. R. Harper, Daniel Skelton, J. G. Seyfried, Dr. G. D. Upson, Dr. R. W. Rapp, H. J. Leach, Dr. W. W. Hawkins, Lea J. Orr, Frank A. Wilson, A. L. Miller, Fred S. Rye, and Walter McPeck.

Mr. and Mrs. I. Portis of 822 Tower road have purchased a new home at 1162 Tower road.
