

Work for Hands Restores Their Health

Photo by Ray

Patients at the Evanston hospital keep their hands busy and their minds happy by doing the work prescribed by the Occupational Therapy department of the hospital which is in this bright room on the top floor of the hospital. All varieties of articles are made by the patients and some are on sale now

to friends of patients and the hospital. Occupational Therapy is coming to be one of the most effective departments in the Evanston hospital and is enlisting the support of many of the doctors and nurses. No cases come under the supervision of the Occupational Therapy department unless prescribed by doctors.

TO MOVE TO RAVINIA

Mrs. White was in the East about a fortnight. They expect to move into their new home in Deere Park, Ravinia, in about a week or ten days.

Miss Frances Howard, daughter of Mr. and Mrs. Arthur H. Howard of 1055 Wilmette avenue, was home from the University of Illinois over Thanksgiving.
