

# Include These Securities in Your January Investments

North Shore First Mortgages and First Mortgage Bonds 6 and 6½% With Safety

You can diversify your list of January investments safely and profitably by including a good share of conservative bonds and mortgages secured by North Shore properties. The increasing values in this region due to limited area and unprecedented population growth make these securities increasingly attractive by constantly widening their margin.

Quinlan & Tyson 1st Mortgage Real Estate Bond and Mortgage offerings are made with the experience of 43 years behind them. Every safeguard is applied which conservative investment requires, with first hand information from an organization that covers the North Shore. Specializing here, and nowhere else, this body of men are at all times close to the trend of this flourishing real estate market.
