## New Sanitary District Pump Station to Be World's Best

Pres. T. J. Crowe and other trustees of the Sanitary District drainage board received nine bids on the proposed north branch sewage pumping station, to be built at Lawrence avenue and the North Shore channel, construction of which will bring a triple benefit to Chicago's north side and north suburban district.

By replacing the present antiquated Lawrence avenue pumping station, according to President Crowe, the new unit will release valuable business property, remove the smoke nuisance arising from operation of the old steam unit, and will materially improve flood relief throughout Chicago's northern district adjacent to Lake Michigan.

The new plant, costing approximately \$2,000,000, is to be electrically driven in accordance with the recommendations of the board of twenty-eight of the nation's most prominent engineers, who made a survey of Chicago's sanitary needs preceding the issuance of the federal permit under which Chicago flows water from Lake Michigan.

Contract for the construction work probably will be awarded at the next meeting of the board.

With a capacity of 800,000,000 gallons a day, the new station will perform the additional task of pumping storm water into the North branch of the Chicago river at Lawrence avenue.

### COACH HANLEY IS SPEAKER

Coach Richard E. Hanley of Northwestern university, 258 Wood court, Wilmette will address the members of the Gamma Kappa Delta society of St. Luke's church, Evanston, Sunday evening, December 11, on the subject "My Experiences as a Football Coach." The meeting is open to the public.

## Arranges Program

William H. Barnes, organist of the Wilmette Baptist church, has arranged the program for the first of the current season's Vesper recitals at the church which will take place Sunday afternoon, December 11, at 4 o'clock. Chandler Goldthwaite, brilliant young organist, will be the soloist.

Miss Eva Wilson of 623 Spruce street is now at La Jolla, Cal., where she plans to remain until March.
