Lewis T. Dodds
Named President
of Realty Board

Officers elected at the meeting of the North Shore Real Estate board at Glengables, Glencoe, Tuesday evening, were installed at the annual banquet held at the North Shore hotel, Evanston, Wednesday evening.

Lewis T. Dodds of Quinlan & Tyson's Winnetka office, was elected president; F. Coleman Burroughs, Wilmette, vice-president; Robert H. Flaherty, Wilmette, secretary; Harold R. Vant, of Vant & Selig, Deerfield, treasurer; Robert L. Wyatt, of Glenview, the retiring president, a member of the board of directors.

Dancing followed the banquet and installation ceremonies.

**Skokie Music Club Assumes
Charge of School Programs**

A new experiment in the way of pupils' clubs is being tried out at the Skokie school. Separate clubs in the various activities have been organized by the pupils themselves. One of these, the Music club, has assumed responsibility for all musical programs given by the school, all assembly singing, and all public announcements that concern musical activities. The club meets once a week and is presided over by the elected officers. Four committees are appointed each year, publicity, assembly, constitution and program; each group governing the various activities that come within its jurisdiction.

Mr. and Mrs. Joseph B. Coombs of 142 Church road had as house guests last week Mrs. Coomb's brother and sister-in-law, Mr. and Mrs. E. G. Don of Rock Island. The Dons returned home Monday.

Ayers Boal, Jr.,
Freezes Feet on
Mountain Climb

A story carried in last Tuesday's issue of *The Dartmouth*, Dartmouth University students' publication, carries the account of a thrilling experience in which Ayres Boal, Jr., son of Mr. and Mrs. Ayres Boal, 701 Sheridan road, Winnetka, sustained severely frozen feet, causing him to be confined to the university hospital for medical attention.

According to the report, Mr. Boal, who is a sophomore at Dartmouth, and a friend, F. Gulden, started from Hanover, N. H., to climb to the peak of Smarts mountain, 3,200 feet above sea level. In attempting to take a short cut to the peak they became somewhat confused and eventually found themselves at the top of an adjoining and smaller peak. Disappointed they started to return to Hanover but when they chanced to recross the regular trail to Smarts mountain they decided to push on to the summit.

By the time they had gone about half way to the summit, however, a fierce gale and sub-zero weather had nearly exhausted their strength and throwing away food supplies and calling upon every ounce of strength they fought their way on to the top. Here they found the door to the cabin frozen shut and they were forced to crawl through a window. Efforts to start a fire resulted in a back-draft caused by the gale and their being driven from the cabin by the smoke. Realizing the futility of fire under such circumstances they returned and wrapped up in their blankets to keep warm. The blankets, however, were damp and Mr. Boal was unable to warm his frosted feet. After a miserable and sleepless night they returned to Hanover and to the hospital.

Make Our Store Your Headquarters

for

XMAS TREES

Round, bushy Balsams, heavy with needles, the kind that will keep for weeks and not lose its needles and freshness. The best looking, bushiest Xmas trees you've seen in years.

A WHOLE CAR LOAD
