(Producers of non-theatrical films since 1915)

514 PARK AVE. WILMETTE PHONE WIL. 1076

Demonstration appointments can be made by phone for any time, day or night. Week days or Sunday to suit your convenience.

Christian Science Churches

"Is the Universe, Including Man, Evolved by Atomic Force?" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, December 18.

The golden text was from Deuteronomy 10:14; "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, with all that therein is."

Among the citations which comprised the lesson-sermon was the following from the Bible: "Who hath directed the Spirit of the Lord, or being his counsellor hath taught him? With whom took he counsel, and who instructed him, and taught him in the path of judgment, and taught him knowledge, and shewed to him the way of understanding? Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding" (Isaiah 40:13, 14, 28).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "All things are created spiritually. Mind, not matter, is the creator. Love, the divine Principle, is the Father and Mother of the universe, including man . . . No form nor physical combination is adequate to represent infinite Love" (p. 256).

Frederick Rummler of 1015 Starr road, Winnetka, is home from Cornell university for the holiday season. He is a member of the freshman class.

Miles Friedman, Jr., of 854 Prospect avenue has returned from Clark school to spend the holidays with his parents.

Wilmette Youths Win Praise for Sports' Prowess

Joseph O'Neill, son of Mr. and Mrs. J. F. O'Neill of 1033 Sheridan road, Wilmette, has been awarded the prize for being the most valuable player on the St. Thomas Cadet football team, at St. Paul, Minn., this season, according to word from the athletic department of the school. His speed and cleverness enabled him to gain consistently through the opponent's defense, and his brilliant work in the backfield was responsible for many of the academy's victories.

Clyde Cooley, son of Mr. and Mrs. J. E. Cooley of 625 Eleventh street, Wilmette, and Francis and Richard Oelerich, sons of Mr. and Mrs. F. J. Oelerich of 1201 Greenwood avenue, Wilmette, also performed creditably for the Cadets on the gridiron. It was their team-work that made it possible for Joe O'Neill to break loose for long runs.

On the basketball floor, Cooley and the Oelerich boys, are making history for themselves. Their fine offensive and defensive work has netted the academy team two wins thus far. At present, the St. Thomas academy basketball team is competing for the right to represent the Catholic High schools of the Northwest at the National tournament held annually at Loyola university, Chicago. Prospects for a championship team look very bright this year due to the wonderful performance of the Wilmette boys.

Mr. and Mrs. O. C. Ruddick of the Linden Crest apartments expect to spend Christmas with Mrs. Ruddick's sister at Cedar Crest farm, De Soto, Mo.

Miss Jane Harding of Hubbard Woods is home from Smith college for the Christmas holidays.

What Do We Want for Christmas?

Santa Claus knows we have done good work all during 1927—and years before. He is sure to bring us something nice for Christmas. What do we want? We told Santa that we wanted you for a customer. He said that if we are as good next year as we were this year we surely will have you for a customer. We believe in Santa Claus. Do you?
