Children Learn About Care of Teeth

The members of the board of directors of the Grosse Point Health Center are very much pleased with the progress of the dental clinic established by that body late last summer. Since the first clinic was held in August, forty children have had their teeth cared for through this medium. The nurse reports that the average number of corrections, per child, has been five, a total of 200 corrections in four months. Dr. E. F. Christie, a Wilmette dentist, and Miss Griffin, nurse at the Health Center, are in attendance at the clinic each Tuesday morning from 9 to 12 o'clock. The clinic is held in the rooms of the Grosse Point Health Center, Ridge road at Wilmette avenue, Wilmette. A small fee is charged which covers the cost of materials used in the work. Mrs. L. M. Cozzens, 906 Elmwood avenue, Wilmette is chairman of the Health Center, Mrs. Carl Widney, 856 Sheridan road, Winnetka, secretary, Mrs. A. L. Grinnell of Kenilworth, treasurer, and Mrs. Arthur Boylston, 220 Broadway, Wilmette, vice-chairman.
