### Wally's Golf Hints

Editor's Note: Following is the tenth of a series of golf lessons written by Wally Chamberlain, professional at Glencoe Golf course, and head of the North Shore Golf School, Winnetka, in which, from week to week, will be presented many helpful hints for those who are just taking up the game of golf, as well as those who have been playing for some time but admit the need for improving their game.

If you have taken your club back or up properly, with the wrist tipped back enough, you will be in a wound-up position and able to hit hard with no effort.

In order to get all the snap and power possible from your right hand, keep it out of the swing as long as possible. This is best done by bringing your hands down in the same position as they were at the top, or, in other words, try to feel that you are hitting the ball with the side of your left hand, or with the heel of the club, and your right hand will come in just about when it should.

Of course, you may be able to keep it back too long, but it is much easier to speed it up than hold it back, so that is nothing to worry about.

Professor M. V. Shea, professor of education at the University of Wisconsin, will address the Wednesday Evening forum on the subject of "Youth and the New Times," on Wednesday evening, January 18, at 8:30 o'clock, at the home of Mr. and Mrs. Benedict Goodman, 306 Hazel avenue, Highland Park.

Annita Willitts Burnham, 1407 Tower road, is holding a sketching class every Friday at 9:20 o'clock in the morning at the Art institute, under the department of museum instruction. Mrs. Burnham also holds the same class Tuesday, January 17, at 10:15 o'clock in the morning.

Mrs. William Merriman and her little daughter, Elsa, will arrive next week-end from Reading, Pa. to be the guests of the former's parents, the Charles Aspenwalls, of Tower road, for a few weeks. The Merrimans formerly lived in Glencoe.

Charles Harold ReQua, Jr. left last Friday for the El Paso club in Colorado Springs. He plans to remain there for a while and later will go on to Santa Fe, N. M. He spent three months in Winnetka.

### Aerial Explorer

Byrd, first man to fly around the North Pole, and who has been called America's "scientist of the air," comes to Chicago January 25 to lecture at Orchestra hall under auspices of the Illinois League of Women Voters. He will speak of Pole. Tickets for the lecture will be his recent trans-Atlantic flight and his plans for an expedition to the South placed on sale at the box office Monday, January 16.

### Congressman Rathbone to Make Home in Ogle County

Congressman-at-large Henry R. Rathbone from Illinois and his family will make their future home in Ogle County, Ill., it was announced this week. The family has been living in Kenilworth.

Congressman Rathbone has purchased a portion of a tract of land, owned by Dr. Alfred W. Hoyt on the Rock river and adjacent to the Blackhawk Trail, some three miles north of Oregon, Ill. He intends to build a home there as soon as weather conditions permit, it is explained.

While construction is going on, the Rathbone family will make their home with Dr. Hoyt and his wife, who have been friends of theirs for many years.

The Rathbones have always been very fond of rural life and intend to spend all of their time on the Rock river, when they are not in Washington.

Northwestern university students have a busy time socially ahead of them. Last Wednesday the sophomores gave a pirate party in the Patten gymnasium. Miss Ruth Emerson was in charge and Walter Hobbs and his orchestra furnished the music.

The freshmen have planned a "kid party" for January 18, in the gymnasium at 7 o'clock. Miss Dorothy Enquest is in charge of the affair. Children's costumes, toys, balloons and peppermint candy sticks will be in evidence.

Mrs. Wilbur W. Branigar, 219 Leicester road, Kenilworth, is sojourning in Gulf Hills, Miss., with her eldest daughter, Katharine. Miss Mary Branigar has recently returned to Miss Bennett's school after spending the holidays with Mrs. Branigar and Katharine, who expect to remain in the South for some time.

### For the Children's Party

The finest dessert you can offer the children at their party, or for good behavior, is a dish of Smith's home-made ice cream. Try a brick of this ice cream now—and you will always insist upon it.
