### PLAN SPRING SCOUT CAMP

The enthusiasm of north shore Scouts in regard to the encampment at the Cabin-in-the-Woods has led to the consideration of whether or not it would be wise to hold perhaps a four-day encampment during the week of Spring vacation. A canvass is being made of Scouts and Scoutmasters to get their reaction, and definite plans will soon be announced.

Mr. and Mrs. Charles Brand Officer and their son, Charles Officer, II, have returned from Pittsburgh, where they spent the Christmas holidays with Mrs. Officer's parents.

### Women Voters of Illinois Bring Famous Trans-Atlantic Flyer to Chicago January 25

The Illinois League of Women Voters is sponsoring the one public appearance of Commander Richard E. Byrd in Chicago. This famous international flyer appears at Orchestra hall on the night of January 25 to tell his own story of his recent trans-Atlantic flight, show motion pictures and outline plans for his next big adventure—his aerial expedition to the South Pole.

Byrd, brother of the governor of Virginia, and a native of the South, holds the record of being America's great scientist of the air. His pleasing voice, humor, magnetic personality, as well as his thrilling story, promise an unusual treat for those of the public who succeed in securing tickets which go on sale at the box office, January 16.

Medals, decorations and resolutions have descended upon this great hero. His life has been filled with exploits and adventures. But somehow or other his North Pole trip and trans-Atlantic flight do not seem to suffice. And so we find our aviator-explorer already making stupendous plans for a dash to the "bottom of the world."

Not only the League of Women Voters but all of greater Chicago welcome this great international figure.

The Winnetka League of Women Voters is co-operating in this enterprise.
