

Mr. and Mrs. Edwin Vail, who now are established in the new home they purchased in Evanston, and who formerly were residents of this village, entertained a few of their Winnetka friends at bridge last Saturday evening.

### Winnetka League of Women Voters

Commander Richard E. Byrd, lecturing at Orchestra hall in Chicago on Wednesday, January 25, under the auspices of the Illinois League of Women Voters, will tell the story of his flight across the Atlantic and will outline his plans for the excursion which he is soon to make to the south pole.

As this is to be Byrd's only public appearance in Chicago and as word has been received from his manager that the noted explorer and flyer will not be available again for at least two years, it is considered probable that a capacity audience will be on hand to greet him, among whom will doubtless be many local people.

#### Heavy Ticket Sale

Mrs. Francis Lackner, chairman of the committee handling the sale of tickets for the lecture, reports that they are going rapidly. At the University club in Chicago, where Mr. Byrd is making a private appearance, it was also reported this week that reservations are now closed and that there is a waiting list of more than

four hundred people. Many of these are availing themselves of the opportunity to hear Mr. Byrd at Orchestra hall.

#### Pays Tribute to Byrd

Dr. David Kinley, president of the University of Illinois, recently paid a glowing tribute to Commander Byrd when he said: "Three thoughts come to my mind as I review Commander Byrd's achievements. First is the importance of the additions made by him to the World's geographical knowledge. Second, the splendid courage shown by him in the arduous things he has undertaken. Third, and perhaps most important, is the great spirit of inquiry which has led him to try to penetrate the unknown and thereby keep alive the spirit among men that insists upon knowing the universe more completely. It is the spirit of the pioneer, of the adventurer, of the research scholar—the spirit of progress."

#### Speaks at Conference

Mrs. A. Montague Ferry, first vice president of the Winnetka League of Women Voters, attended a conference of Citizenship schools on Tuesday in the Illinois League office. She spoke on the subject of "Mechanical Details" necessary for successful schools. This phase of the work was introduced into the plan of work for schools by the Winnetka League in Peoria at the State convention.
