Christian Science Churches

"Life" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 15.

The Golden Text was from Jude 1:21, "Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "When Christ, who is our life, shall appear, then shall ye also appear with him in glory . . . Lie not one to another, seeing that ye have put off the old man with his deeds: And have put on the new man, which is renewed in knowledge after the image of him that created him" (Col. 3:4, 9, 10).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Let us feel the divine energy of Spirit, bringing us into newness of life and recognizing no mortal nor material power as able to destroy. Let us rejoice that we are subject to the divine 'powers that be.' Such is the true Science of being" (p. 249).

ADDRESSES RADIO CLUB

William S. Hedges of Wilmette, radio editor of the Chicago Daily News, addressed one thousand members of the Illinois Bell Telephone Radio club in Chicago Wednesday evening, Jan. 18, on the value of radio in newspaper work.

The Church of the Immaculate Conception, established by Father Marquette near Utica, was the first church in Illinois.

Illini Arrange Big Relay Meet Early in March

To run off the largest indoor relay meet in the United States in the limited space of two hours at first blush seems impossible, yet that is the promise as the University of Illinois makes plans for its eleventh indoor relays March 17.

The main meet, including the university relays and ten special events, will be put on at night, from 7:30 to 9:30 o'clock. The managers know all this entertainment can be compressed into two hours because it has been done for two years.

Increased popularity because the famous meet has been run off snappily has been the reward. For dyed in the wool fans, there is also the afternoon program when the college and high school races, all-around championship and preliminaries in special events are contested.

Many benefits will be realized from the new date, March 17, which is later than before. The change was made at the request of many coaches who do not desire to select their relay teams until they have completed their indoor schedules. The events will be as follows:

University relays—One-mile, two-mile, four-mile, medley.

College relays—One-mile, two-mile, medley.

High school relay—One-mile.

Special events—75-yard dash and high and low hurdles; 300-yard, 1000-yard and 1500-meter runs; high and broad jump; shot put and pole vault.

All-around championship—75-yard dash and high hurdles; high and broad jumps; 880-yard run; shot put and pole vault.

As usual the classic will be run off in Illinois' big armory with its fast 75-yard clay straight-away and six and three-quarters laps to the mile cinder track. Chick Werner, former Illini track captain and hurdler, is manager and Ralph C. Murphy, student manager.

Last year sixty-five institutions entered 750 athletes, although the desire, since Harry Gill founded the big meet in 1917, has been to attract class rather than quantity.

Five national indoor records have been established or equaled in past years.

SPECIALIZE IN PARTIES

The Four Seasons dining and dance place located on Waukegan road north of Glenview is under the capable management of Bill Fisher, well known in Chicago and suburban entertainment circles. Dance parties and banquets are specialties at the Four Seasons, according to Mr. Fisher.

The Play Reading Study class will meet as usual on Tuesday evening, January 24, in the Scout room of Community House.
