Travelers Return from Ten Weeks' Tour Abroad

Mr. and Mrs. Harry Ullman of 120 Euclid avenue, Glencoe, and Mr. and Mrs. Milton M. Cohn of 901 Forest avenue, Wilmette, returned on Sunday, January 14, from a ten weeks' tour of Europe. They all spent three and a half weeks in London, and the rest of their time in Berlin, Vienna, and Paris. According to Mrs. Ullman, one of the most delightful and interesting days of their trip was Christmas which was spent in Semmering, the St. Moritz of the Austrian alps. It is only two hours from Vienna and a delightful place. Everything is closed in Vienna on that holy day. There are no automobiles in Semmering. Horses and sleighs are used instead. They returned on the Majestic and spent three days in New York. It was a wedding trip for Mr. and Mrs. Cohn.

Two Winnetkans Guests at Reception in City

Mrs. Homer A. Goodhue of 384 Elder lane, and her sister, Mrs. Ruth Killips, were included in the guests who were entertained by Mrs. Rockefeller McCormick at her home at 1000 Lake Shore drive, Tuesday, January 24. The tea and program were given by members and guests of the American Opera society of Chicago, and included an interesting group of persons. Florence Macbeth, Forrest Lamont, Howard Preston, and Virgilio Lazzari, were among those representing the Chicago Civic Opera company. Following a delightful program of songs and selections from opera, tea was served.

Mrs. Harry Barnum, 735 Walden road, has returned to her home after a ten days' illness at the Evanston hospital.

Club Women Unite to Boost Better Homes Movement

One hundred thousand club women, under the direction of the Illinois Federation of Women's clubs, with which north shore women's clubs are affiliated, are preparing to launch a state-wide campaign to improve living conditions in Illinois homes. Mrs. J. Marc Fowler, chairman of the federation's well-equipped home committee, announced from state headquarters this week.

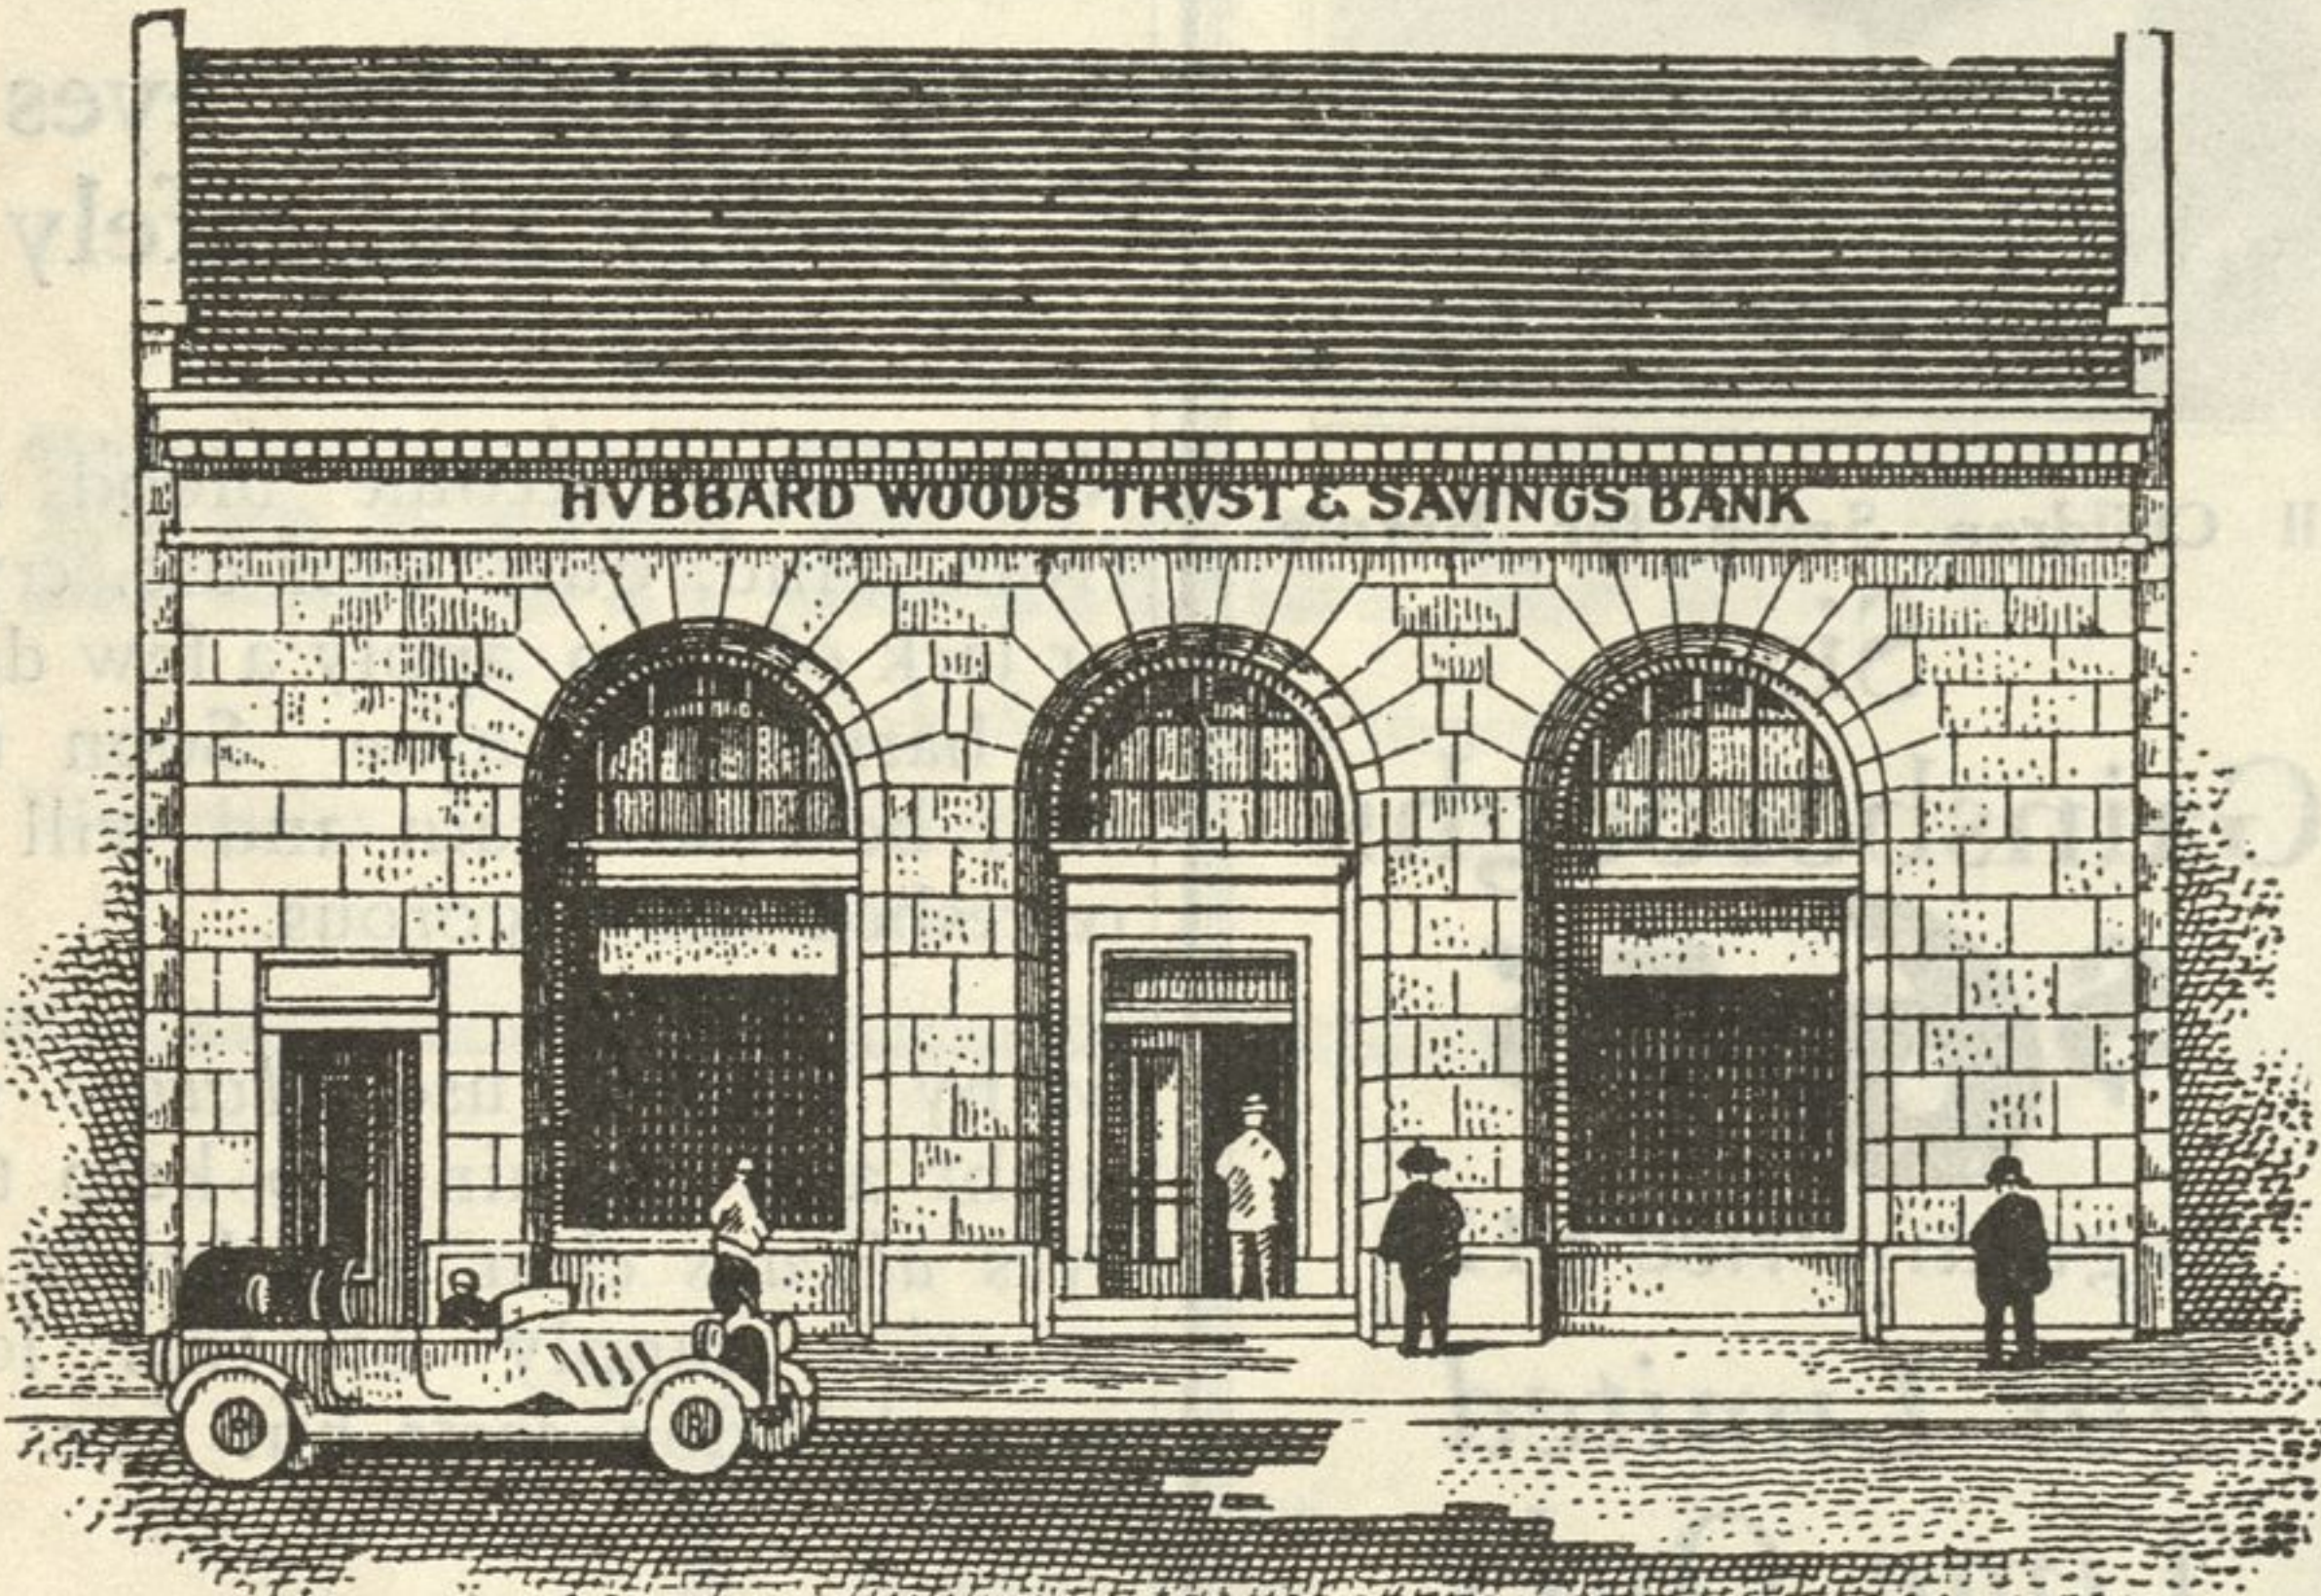

More than 750 women's clubs, under the direction of the Illinois federation, will take part in the state-wide "Better Homes" movement. The program will be based on the results of a state survey of homes undertaken by the club women some time ago. Results of the survey are already being tabulated and will be announced the first week in February when the campaign will be started.

Data have been collected on the number of household appliances and the plumbing, sanitary and other living conditions in all homes throughout every city and town of any size in every county of the state.

The state-wide movement, as outlined by Mrs. Fowler, will consist of an educational program carried on through the newspapers of the state; home demonstration meetings; club and other group lectures and public exhibits such as model homes. This work will be sponsored by the clubs in all communities throughout the state.

Co-operation of the Home Economics Extension Service of the University of Illinois has been secured. The findings of the university specialists will be available for use in the campaign.
