## Wally's Golf Hints

Editor's Note: Following is the twelfth of a series of golf lessons written by Wally Chamberlain, professional at Glencoe Golf Course, and head of the North Shore Golf School, Winnetka, in which, from week to week, will be presented many helpful hints for those who are just taking up the game of golf, as well as those who have been playing for some time but admit the need for improving their game.

Another stroke saver which very few average players use often enough is the putter, when in a trap. I have shown this shot to many people and most of them expressed great surprise, saying that they thought the only club to be used in a trap was a niblic or some other lofted club. If there is no sharp bank in front of you and if the grass is cut short as it nearly always is, a putter will nearly always take you out and after very little practice you will be able to judge them very closely.

A straight faced iron putter is the best, but any will work all right for the shot. Use your regular putting stroke if you like, or hit it as you would an approach, it does not matter which. If you hit it hard enough and not too hard you will be on the green every time, which is a lot more than most can do with a niblic or any other club.

## SOJOURN IN MISSISSIPPI

A crowd of Winnetka people left yesterday for Biloxi, Miss., where they will stay at the Edgewater Gulf hotel for several weeks. Included in the party are Mr. and Mrs. Leonard Roach, of 292 Sheridan road; Mr. and Mrs. George Gonsalves of 919 Hill road; and Mr. and Mrs. C. C. Tatham of 349 Hawthorne lane. The Tathams will be joined in about a week by their daughter, Maurine.

## Winnetka Scots to Present Prologue to "Annie Laurie"

(Contributed)

Friday, February 10, the North Shore British-American society will stage a prologue to the picture "Annie Laurie" film appearing at Community House on that date. Jack McFadzean, president of the society, has announced that real scotch atmosphere will be provided by the spirited playing of bagpipes and with folk dancing by Miss Peggy McFadzean. As a last appropriate number for the prologue "Annie Laurie," that song around which the story was woven, will be rendered by the group.

"Annie Laurie" is a magnificent drama and could find no more suitable introduction than this colorful prologue offered by true sons and daughters of Scotland.

Lillian Gish, Norman Kerry and Creighton Hale play the leads in "Annie Laurie," a picture based on life among the Scottish clans. The story of the Glencoe Massacre is splendidly portrayed in settings that blend the legend and romance of Scotland with the grim details of its turbulent history.

Old Scottish castles in the Highlands provide beautiful settings while glimpses of home life picture customs and clan traditions. A truly remarkable story, remarkably enacted, remarkably filmed!

Mr. and Mrs. H. Hicks of 656 Sheridan road, left Saturday, January 28, for a two months' trip to Pasadena, Cal. Their trip, which is being taken with their son-in-law and daughter, Mr. and Mrs. William Bradford Freer of Chicago, was postponed several days, due to the illness of Mr. Hicks. The party will stop at the Huntington hotel.
