**Hubbard Woods School Working for Own Library**

Teachers of the Hubbard Woods school assisted by specialists are organizing a library at the school. All of the books owned by the school and formerly kept in the various rooms are being collected, catalogued and placed in a room which is to be devoted to library purposes.

In order to procure additional books for the school's collection, a library committee, composed of members of the school faculty and parents, is sponsoring the collection of old magazines which will be sold and the proceeds devoted to the book fund. Parents and pupils are being urged to give the school all old magazines that they may have and these are being collected and bound into bundles at the school.

A bazaar is to be held on March 28 under the auspices of the school for the purpose of raising additional money for the book fund. This will take the form of a "Travel Exposition" and each room will be outfitted to represent some country, selling wares of various types.
