

# Palatial prize winning residence built by a former resident of Wilmette

## Wins 1927 Award

This Sheridan Road home of H. L. Clark was selected by the Evanston Art Commission as the best built last year (Ray Photo)

IN these days of beautiful homes on the north shore there is no better example of what may be done architecturally than the big residence here pictured. It will interest the reader to know that Harley L. Clark, who is making his home in this mansion on the east side of Sheridan road in north Evanston, is a former resident of Wilmette.

The total cost of the new Clark residence, which has become a "show place" for motorists and pedestrians on Sheridan road, is said to have been half a million dollars. The land, alone, it is understood, cost nearly half of this amount.

## To Prospective Buyers of North Shore Homes
