NO HOME WASHING METHODS OR EQUIPMENT CAN DUPLICATE THE INVITING FRESHNESS OF WASHINGTON LAUNDRY-WASHED CLOTHES

WE believe we speak the truth, because the standards of cleanliness are so exacting in our laundry that they cannot possibly be equaled by the most painstaking domestic methods.

When you wash at home you cannot give your clothes the benefits of rain-soft water—the quick cleansing of articles with a minimum amount of soap—the protection against hard water scum—and the elimination of vigorous rubbing.

And your home laundry equipment, regardless how elaborate it might be, cannot remove dirt as gently as our magnificent equipment does.

Over 3,000 women send the weekly laundry to us, which is evidence of the fact that there is a vast difference between domestic and professional laundering—a difference that indicates that Washington Laundry-washed clothes are cleaner.

This man—the Washington Laundry man—will be glad to explain in detail the exacting methods we use in cleansing your clothes, particularly about our rain-soft water process.
