**Near East Relief Shop  
Open Daily in Chicago**

Mrs. Frank F. Ferry, 391 Sheridan road, Winnetka, was chairman of Winnetka day held Friday, February 17, at the Near East Relief Industrial display in the Stevens building. The display is open from 9 to 5:30 every day in the week.

This shop, which has been open for about two months, has on display and for sale oriental lamps, lustrous green pottery, vases, fine embroideries, and rare pieces of tapestry and batique.

All these beautiful things have been made by widowed mothers struggling to support a family, or orphan boys and girls following the trade of their ancestors. The embroideries come from various parts of Turkey, Greece, Syria, and Russia. The purchase of these articles helps some mother or orphan who is struggling for a mere existence.

Assisting Mrs. Ferry were Mrs. Norman K. Anderson and Mrs. Wallace B. Rumsey both of Winnetka.

**Judge Has Hard  
Time Convincing  
Friends He's 80**

Judge C. T. Northrup, the venerable Police Magistrate of Winnetka, who reached the eightieth milestone in life's journey, Friday of last week, is still receiving congratulations from his friends about the village.

The Judge has considerable difficulty in convincing some of them that he really is an octogenarian. They insist that he is only "foolin'" and that he means 60 or not more than 70, at any rate.

Judge Northrup resides at 1144 Tower road and has an office at 556 Center street, where he is found as regularly, during office hours, as any of the younger professional business men of the village.

There have been few periods when this regularity has not featured his going and coming. One of these was a few weeks ago, when, in driving home in his car one evening, he had a collision with an automobile truck, in which his car was completely demolished and the Judge himself was seriously injured.

But he has practically recovered from that, and is again about, as chipper as ever.

On the anniversary of his birth, the Judge and Mrs. Northrup, with Dr. and Mrs. B. E. Fillis of 1138 Tower road as their guests, enjoyed a birthday dinner in Chicago.

She is a member of the Winnetka Woman's club, the Fortnightly and Woman's City clubs, and was at one time president of the Chicago Woman's club. Mrs. Ickes is a director of the Chicago Regional Planning association and is a trustee of the University of Illinois.
