

BEGIN "Y" IN APRIL

Architect Makes But Slight Changes in Exterior Plans for New Building

Construction of the Evanston Y. M. C. A.'s new central building at Maple avenue and Grove street will probably start during April, states Edwin Sherman, chairman of the building committee in reporting progress on the plans. Only minor changes on the original exterior plans for the building have been made, and working drawings are now being completed by Chester H. Walcott, architect.

Two more weeks, it is expected, will be required to finish these drawings and then the specifications will have to be prepared. The obtaining of bids and letting contracts will put off the start of construction until late in April.

Plans call for a seven-story collegiate Gothic structure made of stone with a 140-foot front on Grove street and 175 feet on Maple avenue. The main entrance will open on Grove. Incorporated in the plans have been the recommendations of the national building committee of the Y. M. C. A. and the studies of members of the local building committee into the needs of a Y. M. C. A. building. J. W. Bixby, general secretary, visited the Y. M. C. A. in Muskegon last week and noted features of its new building.

ATTEND N. E. A.

Miss M. Frances McElroy, registrar of the National Kindergarten and Elementary college, and Miss Frances Kern of the Supervision department, are attending the meeting of the National Education association which is being held in Boston this week.

Miss Carol Salinger of 265 Poplar street will be one of the guests of Miss Judith Lehman, 2623 Ridge avenue, Evanston, at an informal dance for a group of her friends at the North Shore hotel tonight.

Christian Science Churches

"Christ Jesus" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, February 26.

The Golden Text was from Isaiah 55:1, "Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price."

Among the citations which comprised the Lesson-Sermon was the

following from the Bible: "And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots: And the spirit of the Lord shall rest upon him, the spirit of wisdom and understanding, the spirit of counsel and might, the spirit of knowledge and of the fear of the Lord . . . and he shall not judge after the sight of his eyes, neither reprove after the hearing of his ears: But with righteousness shall he judge the poor and reprove with equity for the meek of the earth" (Isaiah 11:1-4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and

Health with Key to the Scriptures," by Mary Baker Eddy: "The advent of Jesus of Nazareth marked the first century of the Christian era, but the Christ is without beginning of years or end of days" (p. 333).

PLANS COLONIAL HOME

James A. Huffman of Chicago recently sold to Andrew M. Nelson, Chicago, the vacant property on Centrai Park avenue north of Park place, Evanston. Mr. Nelson will break ground within the next few weeks for a 6-room Colonial residence. George A. Nordberg of the E. E. Stults Realty company was the broker.
