

Evanston Theater to Be Used as Branch of Big Loop Store

Another large mercantile establishment will establish a branch in Evanston early in 1929, but the identity of the concern has not been divulged. The store is to occupy what is now the New Evanston theater, which was sold during the month to William I. Krahl of the Krahl Construction company, Chicago, for a price believed to have been in the neighborhood of \$160,000.

The building, owned by the New Evanston Theater corporation, is being used at present by the Evanston Players and that company will continue to use it throughout 1928 as the present lease does not expire until then.

If the company outlives the lease it will have to seek another stage, for Mr. Krahl is to remodel the theater the first of the year and turn it into a modern store building. The tenant has already been decided upon and will occupy the whole building but what company it is has not been disclosed.

The theater was erected nearly 20 years ago as the home of a stock company. Some time ago fire gutted it and it remained idle for a good many months. Then it was remodeled and turned into a movie theater. About two years ago another stock company was formed by Clyde Elliot, Evanston's theatrical man, and the theater was redeemed. This company was reorganized a few months ago and continues to function as the Evanston Players.

The theater has a 50-foot frontage on Sherman avenue, north of the police station, and has a depth of 140 feet.

John Mitchell Is Solly for University Circus

Northwestern's 1928 circus, which takes place April 27 and 28, is now in the planning by a board of the Y. M. C. A. and Y. W. C. A., sponsoring organizations, with John Mitchell, 2303 Harrison street, Evanston, as the head, "Circus Solly." He is the co-manager of the Circus with Circus Sally Miss Ruth Finn of Chicago. They have recently announced the membership of the Circus board and the list includes the following Evanston students: Betty Sargent, secretary; Gordon Barclay, in charge of decorations; Morey Hecht, construction; Jane Hymers and William Putnam, dance; Vera Leahy, prizes; Doris Lake, publications.

About twenty girls of Miss Walkup's adviser room at New Trier are planning to see "Good News," popular musical comedy now running at the Selwyn. The theater party is to be held March 10.

Here Are Simple Rules for Cleaning Linoleum

By Chas. Bingham Miller

There are hard ways to clean linoleum, and there is also an easy way to keep it spick-and-span. Here are a few simple directions:

In the kitchen, pantry and bathroom, where water is likely to be spilled and linoleum soiled, use warm sudsy water and a good mild soap like Ivory when washing the linoleum. More harm is done to linoleum by the use of too strong cleaning agents than in any other way.

The new electric liquid waxing method or rubbing the wax in thoroughly by hand serves as a film on the surface of the linoleum which prevents dirt from being ground into it, and gives the linoleum a rich, pleasing lustre.

It should seldom be necessary to scrub a waxed linoleum floor.

Excess wax may make linoleum slippery.

Ordinarily all you have to do is to go over it with a dry mop daily to remove the dust. Footprints may be wiped up with a damp cloth.

Racketty Packetty House at N. K. E. C. Saturday

Arrangements for the presentation of "Racketty Packetty House" in Harrison hall of the National Kindergarten and Elementary college, Saturday, March 3, will be completed with the dress rehearsal this evening.

This is the sixth annual presentation of a play for children by student players of the college. These plays have all been successful, but by general vote of the children, "Racketty Packetty House" is the favorite.

The cast, which numbers twenty of the most talented students in the college, has "played the play" until it has become second nature, and the actors apparently enjoy the performance to the full.

Two performances will be given, the first at 10:30 and the second at 2:15. Dainty luncheons will be served between the morning and afternoon performances.

DEAN JAMES WRITES HISTORY

Dean James A. James of the graduate school, Northwestern university, has written a history text published Jan. 1 by the University of Chicago Press—"The American Revolution in the Alleghenies."

It was written during his leave of absence last summer when he served as one of the four Methodist laymen delegates to Lausanne conference.

Illinois produced 44,814,776 tons of coal during 1927.
