Community Drama Club to Present "Love in a Mist"

"Love in a Mist," a delightful comedy of youth by Amelia Rives and Gilbert Emery, will be presented for the first time Monday evening, March 12, as a benefit program for Community House. It will also be presented on the following Wednesday and Thursday evenings, at which times the regular season tickets for the club's production—which will not be good at the benefit performance—will be honored. Single admission tickets will be procurable for any performance at the door.

Under the capable direction of Mrs. Louis Sherman, a cast composed of Mrs. John Marshall, Miss Katherine Shaw, Dr. Davies Lasier, Moncure Paynter and Taliaferro Milton, has been at work for some time and the resulting performance is said to be a very finished and pleasing product. The main situation in the production arises from youth's problem, "Which shall I choose?" As to "what" and "which" he chooses—it is best to see the play.

"The Beggar's Opera" is being presented by a talented English company now engaged on a trans-continental tour in commemoration of the 200th anniversary of the first performance of this musical classic which first made its appearance in London in February 1728.

Camp Fire Girls to Augment Film, "The Rough Riders"

Friday, March 16, the Winnetka Camp Fire Girls will take part in a program in celebration of their National Camp Fire birthday, on the stage at Community House at the evening performances of motion pictures. A truly symbolic program interpreting the meaning of Camp Fire in action and song will be presented with the picture of "The Rough Riders."

A picture of the Spanish-American war, headed by the man American people have designated as an ideal American—"The Rough Riders" depicts intimate glimpses of Roosevelt's character. What could be a more appropriate program to offer at this time than that of the Camp Fire Girls, who stand for all that is wholesome and fine in America's coming citizens?

Community House offers this as a fine combination to its patrons and advises that for a clean, educational, thrilling and entertaining evening, this show will be hard to beat.

The kiddies who attend in the afternoon will receive a fine treat when they behold this fine historical character and ride San Juan Hill with him! Friday, March 16, "The Rough Riders" with a splendid cast.

Fire Department Trying Out Resuscitation Device

The Winnetka Fire department is trying out a portable H-H inhalator, a resuscitation device for administering carbogen (95 per cent oxygen and 5 per cent carbon dioxide) to victims of asphyxiation from gas, smoke, carbon monoxide, petroleum vapors, collapse and other causes, and Chief G. M. Houren says he is so well pleased with the invention that it is quite probable the village will buy one. The cost is only \$160.

This new principle of resuscitation is said to be highly effective, inducing rapid and complete recovery if applied promptly.

A great advantage claimed for it, Chief Houren says, is its safety as compared with many other devices. It can be used in connection with the Schafer method of resuscitation.

Grass Fire Threatens Playfield Buildings
