

## Women Voters

The Winnetka League of Women Voters has been fortunate in securing Dr. A. R. Hatton, a member of the Political Science department of Northwestern University, to appear on the program for the conference on "Federal Measures" on Monday, March 12.

Dr. Hatton, who will speak on "Federal Aid" at this meeting, has not only a deep knowledge of the science of politics but has also had experience in the practical side. In 1912 he wrote the Constitutional Amendment of Home Rules for the State of Ohio, which revolutionized municipal government in the United States. After having drafted the new charter for the city of Cleveland and having succeeded against bitter opposition in having it adopted, Dr. Hatton served on the city council for four years to aid in making this experiment in an advanced form of government successful.

Dr. Hatton is a most interesting speaker and his experience in both the theory and practice of politics makes him an independent, fearless guide toward bettering our government.

Plans are going ahead for the candidates' meeting to be held Monday evening, March 26, in Rudolph Matz hall at Community House, under the auspices of the Winnetka League.

Acceptances have been received this week from Mrs. Harold Ickes of Hubbard Woods, Lewis B. Springer of Wilmette, Leroy Zaleski of Des Plaines and James O. Korntz of Calumet City, all of whom are candidates for the State Legislature from the Seventh district.

Arrangements are being made for the National convention of the League of Women Voters, which will be held from April 23 to 28 at the Palmer House in Chicago.

Mrs. William G. Hibbard is a member of the Convention committee on Local Arrangements and Mrs. Walter

L. Benson is treasurer of that committee.

Many north shore girls from National Kindergarten college are planning to attend the athletic dance to be given in the alumni room of the school on Friday, March 16.

We carry Johnson's Paste, Powdered and Liquid Wax . . . . but recommend the latter, because . . . . It cleans as it polishes, is quicker to apply and easier to polish.
