

CHAUTAUQUA HEAD AT SUNDAY EVENING CLUB

Dr. Arthur E. Bestor to Discuss "Contemporary Problems of Ancient Capitals"

Dr. Arthur E. Bestor, president of the Chautauqua Institution, Chautauqua, N. Y., will be the speaker at the Wilmette Sunday Evening club March 11. His subject will be "Contemporary Problems in Ancient Capitals."

Dr. A. E. Bestor

Madam Edith Bideau Normelli, soprano, will be the soloist this Sunday. Modern Europe and the Near East have been the special fields of Dr. Bestor's study for two decades. He has travelled widely and has had opportunity of studying conditions at first hand. Just before the war he wrote a series of magazine articles on "European Rulers: Their Modern Significance." Early in 1922 he spent five months in Europe and the Eastern Mediterranean—Egypt, Palestine, Syria and the coast towns of Asia Minor, Constantinople—and then returned through the Balkans to Italy.

He spent the spring of 1924 in London in a study of the Labor Government in action. He thus brought down to date his knowledge of British conditions gained through previous visits

and through study since his graduate courses in history and political science. Exceptional opportunities were presented to him because of the interest of the English Labor leaders in adult education. In this country Chautauqua for over fifty years has been the leading institution in this field. Its own home reading work resulted in the organization of the British Home Reading Union, out of which developed the close relationship between the Labor Movement and the English universities.

As President of Chautauqua Institution Dr. Bestor is constantly in touch with all social and political movements and with the men and women who, at home and abroad, are shaping the thought and activity of our times. He has spoken before the leading clubs, colleges, forums, and associations of all kinds throughout the United States.
