A Truly Satisfactory Way to WASH CURTAINS

What a disappointment when your curtains stubbornly refuse to resume their natural lines after washing! Neither the home-manager or the laundress is to be blamed, however, because it is impossible without modern laundry equipment and hundreds of gallons of rain-soft water to do the job right. We offer the home-owner a scientifically correct way to launder curtains. We will return them to you fresh and clean, not stretched out of shape with pins and hooks.
