Emmerson Speaks at Mass Meeting Here on March 31

Louis L. Emmerson, Republican candidate for governor in the Primary election of April 10, will speak at the Skokie school, Winnetka, Saturday evening, March 31, under the auspices of the National Republican party organization (Deneen group) of which Harold L. Deneen; Oscar Carlstrom, Republican candidate for Attorney General; Anna Wilmarth Ickes, Republican candidate to represent this district in the State Assembly; Judge John A. Swanson, Republican candidate for State's Attorney of Cook county; Edward R. Litsinger, Arthur F. Albert and others.

Headquarters of the National Republican party organization have been established in Evanston and Wilmette.

Chairmen in charge of the Emmerson campaign in the north shore communities have been announced as follows:

Here's Your Chance to Scatter Sunshine; Call Winnetka 966!

The Winnetka Branch of the Infant Welfare society is looking for someone to scatter sunshine—actually, not figuratively. The group wants to install a piece of electrical sunshine equipment in Chicago Commons for the hundreds of children who come there for a better chance for sound health. What with overcast, dreary, smoke-laden skies, and with streets to take the place of playfields, there is little enough chance for sunshine for them. This comparatively inexpensive equipment has been used elsewhere to treat as many as 600 children a month. It builds up their bodies, vitalizes their blood streams, so that what food they do receive is made nourishing, and strengthens their constitutions to withstand disease.

At the Chicago Commons station, there are at the present time 43 babies who are desperately in need of the sunshine treatment, but since the treatments cost one dollar apiece at the dispensary, neither Infant Welfare nor the individual mother can afford to take the child, consequently they must go without until a machine is given to the station.

Mrs. A. Ballard Bradley of the Winnetka branch will be glad to give full particulars to anyone interested in giving this electrical sunshine equipment. Her telephone is Winnetka 966.

TO REVIEW BARTON BOOK

William Hadley will give a review of Bruce Barton's book, "What Can a Man Believe?" at the Young People's Fellowship of Christ church this Sunday evening. This meeting will begin with supper at 6:30 p. m. in the Parish House.

The Candidates' meeting arranged by the Winnetka League of Women Voters for Monday evening, March 26, at 8 o'clock in Rudolph Matz hall promises to be a most entertaining and instructive event.

Mrs. John N. Van der Vries, president of the Winnetka league, will introduce Dr. A. R. Hatton, professor of political science in Northwestern university, who will speak on "Home Rule in Illinois."

Following Dr. Hatton's address George B. Massey, president of the Izaak Walton league, will explain the flag contest which has been carried on for several years in New Trier township and display the flag which will be awarded to the village which brings out to the polls on April 10 the largest percentage of qualified voters. The flag is now in the possession of Winnetka.

The Republican candidates will be introduced by A. Montague Ferry, and the Democratic by Roswell M. Mason. Every candidate will be allowed the same amount of time and the official timekeepers will be Mrs. D. Bligh Grasett and Ralph M. Snyder.

Invite All Residents

Swanson, Republican candidate for State's Attorney, is making an effort to arrange his schedule so that he may come to Winnetka.

The league invites every citizen in New Trier township to this meeting.

Adjourn Public Hearing on Center St. Widening

The public hearing on the proposed widening and paving of Center street from Elm street to Tower road, before the Winnetka Board of Local Improvements, Tuesday evening, was adjourned to Tuesday evening, April 3.

Owners of the property north of the Village yards which is zoned "A" residential, opposed the improvements on the grounds that it would be impossible for them to dispose of their property for residential purposes when located on a highway of this type.

Sentiment prevailed that if the territory referred to was rezoned "C" commercial, it was probable that opposition would be removed.
