Major E. M. Skinner Appointed 'Skeeter District Engineer

Major E. M. Skinner, formerly associated with the Gorgas Memorial institution, was engaged as the district engineer for the North Shore Mosquito Abatement district at a special meeting of the board of trustees of the district held at the Wilmette Village hall last Tuesday.

The appointment of Major Skinner followed closely the refusal of the contract by Frank I. Miller of New Brunswick, N. J., who was named as engineer on February 29 but declined to accept it on a one year basis, as provided for by law. Major Skinner has accepted the appointment on a basis of two days a week at a fee of \$2,500 a year. He will start at once on preliminary surveys and will submit a report to the trustees at their next meeting.

It was also decided to appoint a superintendent for the district and plans for the immediate starting of work were discussed. Preliminary preparations are being made and it is anticipated that actual work will be started next month.

Hub Describes Springtime Garb for "Beau Brummel"

Positive evidence of the arrival of spring is found in the interesting announcements of what the well dressed man will wear this season, made by Henry C. Lytton and Sons, "The Hub," Evanston store. Ensembles will be prevalent in men's wear. With a suit of grey as the basis, for instance, one should select a shirt of solid or striped green, with cravat, hose and hat to match. Tweeds will be the vogue in topcoats with this combination. With tan suitings, one learns, the 1928 Beau Brummel will match with solid or striped tan shirt, cravat of orange hue, hose in heather mixtures, tan shoes, hat and topcoat.

H. C. of L. Spreads to Election Judges, Clerks

Judges and clerks in the coming township election are to receive \$8.00 for the day's work in place of \$6.00, as heretofore, it is said, this being the rate which has been paid for some time in Chicago. In cases where township and village elections are held on the same day and the same officials preside, it is said there will be a slight reduction in the township rate.
