**Professor from Peking  
University Speaks Here**

Mrs. Rudolph Matz opened her home at 1005 Sheridan road Tuesday evening for a talk by Dr. Timothy Lew in the interest of Peking university. Dr. Lew is a professor at the Chinese university and is now in this country as an exchange professor, speaking at various universities and to interested groups throughout the country. Dr. Lew gave a most enlightening talk about the university, some of his own personal experiences, and conditions in China at the present time. The eighty Winnetkans who attended his talk were greatly interested in his message.

Mrs. F. R. Byrum and her two sons, of 791 Walden road, leave this week-end for a visit with Mrs. Byrum's parents in Ohio. They will be away ten days.

**Winnetkans Who Have Installed the  
Electric Time Service Write Enthusiastic Endorsements**

Several months ago the Electric department of the village of Winnetka inaugurated a new service for consumers, consisting of electric time service from any electric light socket, by the use of Telechron electric time-keepers, obtainable at the Village office.

Since the service was started, a considerable number of these clocks have been furnished to Winnetka householders. In order to ascertain whether the service has worked out satisfactorily, the village recently wrote a letter to a number of these householders, asking whether the time service is giving satisfaction.

Numerous replies have been received, according to Village Manager H. L. Woolhiser, in all of which much praise of the service is given, the following being typical of these expressions:

**Pleased with Service**

"I am very glad to say that we are most pleased with the Telechron time-keeper. There has been no trouble at all and it has been a great regulator for all our clocks and gives us a confidence that we have accurate time. The peace of mind which has come regarding time has been worth many times the cost."

"Based on the foregoing responses to our inquiry," Village Manager Woolhiser says, "we feel doubly justified in recommending this time service to our customers. Telechron time-keepers, in several models, are on display at the Village office, where further information may be obtained."
