New Travel Coats

—of Imported Basketweaves
 and Irish Steamer Blankets

Several models of basket-weave—a pure-wool fabric of interesting rugged texture. These may be had in beige, brown and rust tones, with borders, and decorative interwoven patterns, of brighter contrasting colors.

The coats made of the Irish Donegal rugs are in tans, with green or rust borders.

The fringed edges of the rug are brought through the lining for a trimming; and they are used, as well, to edge the scarfs which finish these good-looking coats. \$75 each.

The outstanding feature of this famous Children's Shop is the way its models are bought to suit various kinds of children. Colorings for little fair-haired, blue-eyed girls, for vivid brunette children, and for the medium blonde. Here a dress designed for a plump little girl—another for a willowy one, tall for her age.

These three models illustrate the point perfectly.

The first is of navy crepe de chine embroidered in bright colors. Sizes 6 to 10, \$10.95.

A confederate blue crepe de chine with daisy embroidery. Sizes 8 to 14, \$17.50.

A poster-red two-piece crepe de chine; rose fagotting. 8 to 14, \$17.50.

**Shop in the
 THRIFT
 BASEMENT**

Many Evanston and North Shore women do not yet know of the exceptional every-day values offered in the Basement. Dresses, underwear, hosiery, sheets, pillow cases, towels and towelings, drapery fabrics and children's wear, oilcloth, shoes, and paints and wallpapers—all at low prices. Watch for advertised items—make it a regular practice to look for what you want in the Thrift Basement.

**Runs? Have
 them Rewoven!**

It's so simple—by the Stelos method! The "ladder" is caught back into the fabric of the stocking, so it looks like new but for the tiny mend where the run is finished off. Stockings must be laundered before being brought in for mending.
