### Receive "Lindy" Bust

The bust of Col. Lindbergh, toward the acquisition of which the entire school has been working and which will be mounted in the new gymnasium, was displayed. The bust is one of the two busts of himself that the Lone Eagle has approved.

The award is made to the student who excels in American history and this year was presented to George Saxton, Richard Wilcox taking second place. This is the second year of the awarding of the prize.

## Break Ground for New Kenilworth Water Plant

Ground has been broken and workers are now busily engaged excavating for the new Kenilworth Water plant, which is to be located at the end of Kenilworth avenue on the lake front. The work is being pushed as rapidly as possible and is being carried on so as not to interfere with the operation of the present plant. The contract is being executed by Byrd, Lyden and Grandpre, general contractors of Chicago.
