A special committee comprised of President Winfred D. Gerber of Glencoe, President Henry F. Tenney of Winnetka, and Paul A. Hoffman, Wilmette village trustee, was appointed Wednesday at a meeting of the North Shore Grade Separation committee representing the villages of Wilmette, Kenilworth, Winnetka, Glencoe and Highland Park, to consider the matter of retaining legal and engineering counsel to assist in the committee's deliberations.

The Grade Separation committee, with Chairman Tenney presiding, in addition to discussing the matter of engaging expert counsel considered the matter of equitable pro-ration of cost to the villages concerned in connection with the grade separation project. It was reported that the committee was progressing satisfactorily with its plans to expedite grade separation of the two railroads traversing the villages.

The Grade Separation committee is made up of municipal officials appointed several months ago in each of the villages as members of a group to study the problems of grade separation as applied to the north shore, and to negotiate with railroad officials in the hope of securing earliest possible action in the matter of grade separation.
