

KENILWORTH FAVORS ROAD IMPROVEMENTS

Several Streets in West Section May Be Improved in Tie-up With Wilmette Streets

Strong favorable public opinion toward the proposed combined special assessment and condemnation proceedings for the opening of Country road through the block south of West Kenilworth avenue and west of the tracks, connecting with West Railroad avenue on a direct line with East Kenilworth avenue and the widening, extending and paving of Kenilworth, portions of Sixteenth street, Ashland avenue and Glenddenning road, coincident with a similar project in the Wilmette portions of these streets, was expressed at the public hearing held by the Kenilworth Board of Local Improvements last Monday night.

The project includes the taking of the necessary land by condemnation for the making of the improvement. It does not include the taking of all of the land in the block involved but only that portion that is necessary for street purposes. It will mean the condemning of all of the Village garage, owned by Axel Anderson; all of the C. A. Thorsen residence; a part of the Kenilworth garage and a part of the Public Stables. It is estimated that the cost of laying the pavement—not including the cost of the land condemned—would be around \$40,000.

May Alter Rail Crossing

If the project is carried out, it is thought probable that Coventry road would be extended across the tracks so as to connect with East Kenilworth avenue. In that event the present crossing over the railroad would be abandoned and closed.

The hearing on the project last Monday night was the outgrowth of a petition by a large percentage of the residents involved requesting the Village board to take the necessary action to bring about its completion. At the meeting Monday, which was largely attended, practically no objection was offered to the project and a large majority of the people present were in favor of the plans. It was brought out that the greater part of the burden of the assessment would be borne by the remaining property in Block 36 and the Golf club subdivision.

Take No Definite Action

No definite action was taken by the board, however, due to the absence of several members of the board and the lack of a necessary quorum.

NOW IN EAST

Mrs. Lawrence Howe of 175 Chestnut street recently made a short trip to Bermuda, with her brother, afterwards returning for a visit to Philadelphia. Her daughter, Anna, with two classmates at the North Shore Country Day school, Annie Mason of Ridge avenue, and Mary Cushman of Bryant avenue, has gone east to join Mrs. Howe in Philadelphia. They expect to visit several of the eastern colleges before returning to Winnetka.

Loren Converse is not coming from Yale for his spring vacation. His mother, Mrs. Arlan W. Converse, and his sister, Marcia, of 396 Hawthorn lane, are spending it with him in the East. They will probably be in New York for this Easter week-end.

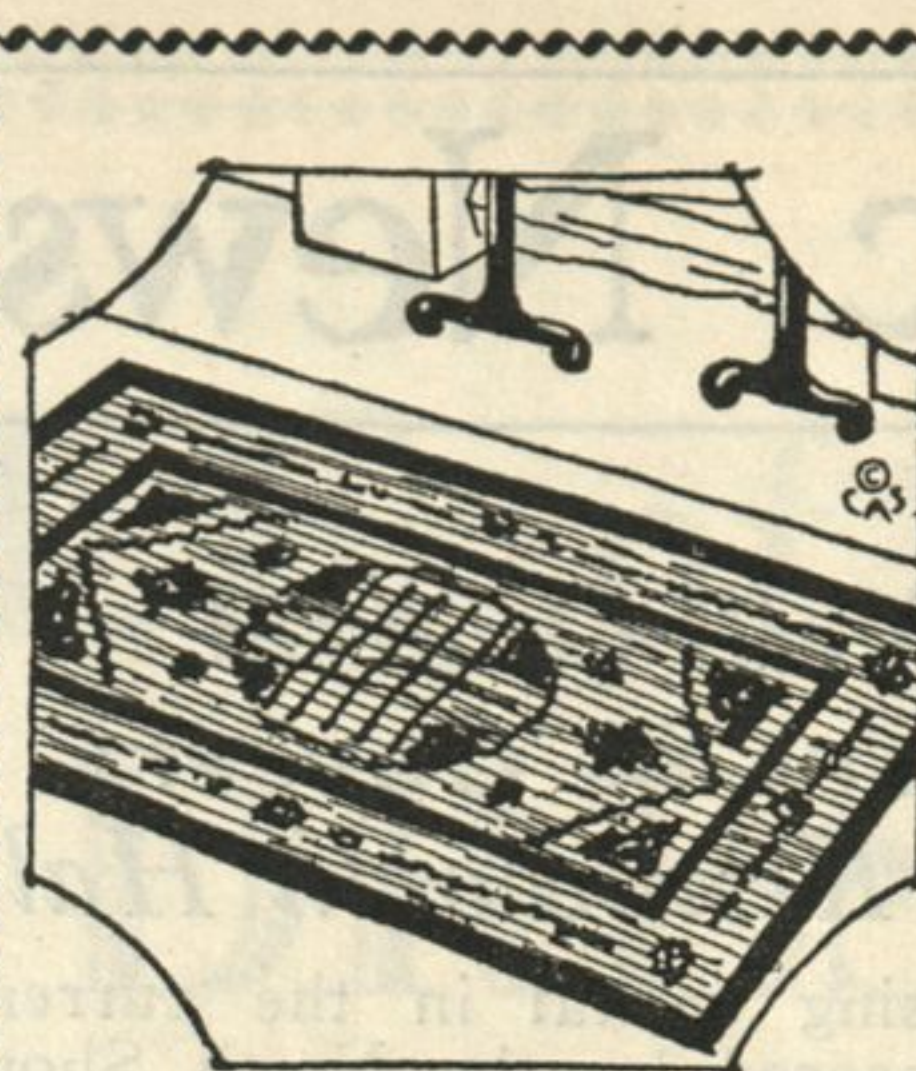

Mr. and Mrs. Nash Cazal and family of 860 Pine street are moving May 1, to Deerfield, where they are building a new home which will be completed in a few weeks.

Mrs. Cuthbert Adams of 199 Linden street, who, with her daughter, Katharine, has been making an extended visit to Honolulu, is expected home about the last of April.

CLUB PLANS GET-TOGETHER

Club Vista del Lago has issued invitations to get-together dinner dance at the Opera club Tuesday evening, April 10, at 8 o'clock. In addition to an evening of delightful entertainment, opportunity will be given to meet the new board of governors, renew acquaintances, and discuss club plans.

Cope Harvey's orchestra is to provide music and entertainment. The Famous Dancing team, roulette dancing, a festival of balloons, and favors will be the special features. Dave O'Malley will be master of ceremonies.

In the Day's Work

THE Mississippi was rising sullenly—inundating wide areas of farm lands, making thousands homeless.

At one of the many towns a break came, spreading ruin through the streets. A government steamer rescued 900 refugees, but the four telephone operators refused to forsake their posts. Friends warned them to leave at once. They decided to remain on duty, and the exchange was the only thing

in town that continued to carry on.

The world hears little of "the spirit of service" until times of emergency, but behind the scenes this spirit is always present. Telephone users confidently rely upon the devotion to duty of the men and women who make this service possible.

"Get the message through," is the daily work of the more than 310,000 Bell System employees.
