Rooms! Compare the size of your rooms, the area of each and of all, not just the number of rooms!

Some four-room apartment homes have a larger area per room, are more commodious, than some five and even six room apartments!

Above all, size of rooms in your apartment home is of major consideration, for your money can buy size as well as all the other advantages— *at the Georgian.*

Here, each apartment home is really larger per room than the average. You have space to add to your comfort and convenience.

Your money buys space at The Georgian—spacious rooms and large closets, (more closets than the average)—and besides, the solid comfort of an ideal home: everything furnished, complete relief from all responsibilities, yet every advantage which otherwise would occupy mind and time, twenty-four hour service, and full facilities of a luxurious mansion. All this you can buy for the price you now pay.

You and your family might like to SEE The Georgian tonight!

## Purple Ball Team to Meet Michigan Monday, April 16

A starting lineup including five veterans and four sophomores will represent Northwestern in the opening of the conference baseball season at Ann Arbor Monday, April 16. As usual the pitching problem is of greatest concern to Coach Kent and with only three practice games under their belts the hurlers are still a bit uncertain.

Three members of last year's mound staff are available for duty in the opener. Bill Hellerman who was ineffective most of last season due to wildness seems to have regained control and is expected to take his regular turn during the coming season. Bill Palmer who was bothered with a sore arm last year looks promising again while Les Heideman, a sophomore last season, shows much improvement. Gerald MacAlece, a sophomore, will probably see considerable action.

Shorty Rojan, sophomore catcher who was expected to handle the back-stop situation, is lost for the remainder of the season due to a broken leg sustained on the southern trip. The catching burden will now devolve upon Carey and Foster who saw service last year. The former appears to have the edge at present due to his superior hitting.

Prang at second and Holleb at first are the two newcomers in the infield. The latter is waging a merry battle with Mellick, last year's regular, while Prang seems to be a fixture at the keystone corner. Captain Luke Johnson is firmly entrenched at short while Izard is again holding down the far-corner satisfactorily.

Dave Kempf in left field is the only veteran performer in the garden assignments. Jacobs, a sophomore, is doing a creditable job of it in center field while a quartet of youngsters aspire for the right field position. They are Redman, Adelstein, Miller and Welch. The latter is still in scholastic difficulty and may not remove the barrier this season.

A home game with Notre Dame has been scheduled by Coach Kent for May 2. The Purple will open the home season with Chicago on April 24. Twelve conference games comprise the forthcoming season.

## National Parks to Open Early for Tourist Army

National parks will open two weeks earlier than usual this year, because of the mildness of the past season and the absence of heavy snows which would bar the parks from use, according to a bulletin from the touring bureau of the Chicago Motor club. This opening date was announced March 30, by the superintendent of Yellowstone Park and Assistant director of the Park service, Horace M. Albright.

This will be good news to the automobile tourists, who make up the great majority of the more than 2,000,000 sightseers who yearly visit the parks.
