UNDERTAKER

"The House of Personal Service"

1109 CENTRAL AVE. WILMETTE 654
554 CENTER ST. WINNETKA 404

Professional Standing

is a mighty important thing with the funeral director of today. It is because he is truly a professional man that he has this feeling regarding the opinion of his fellows.

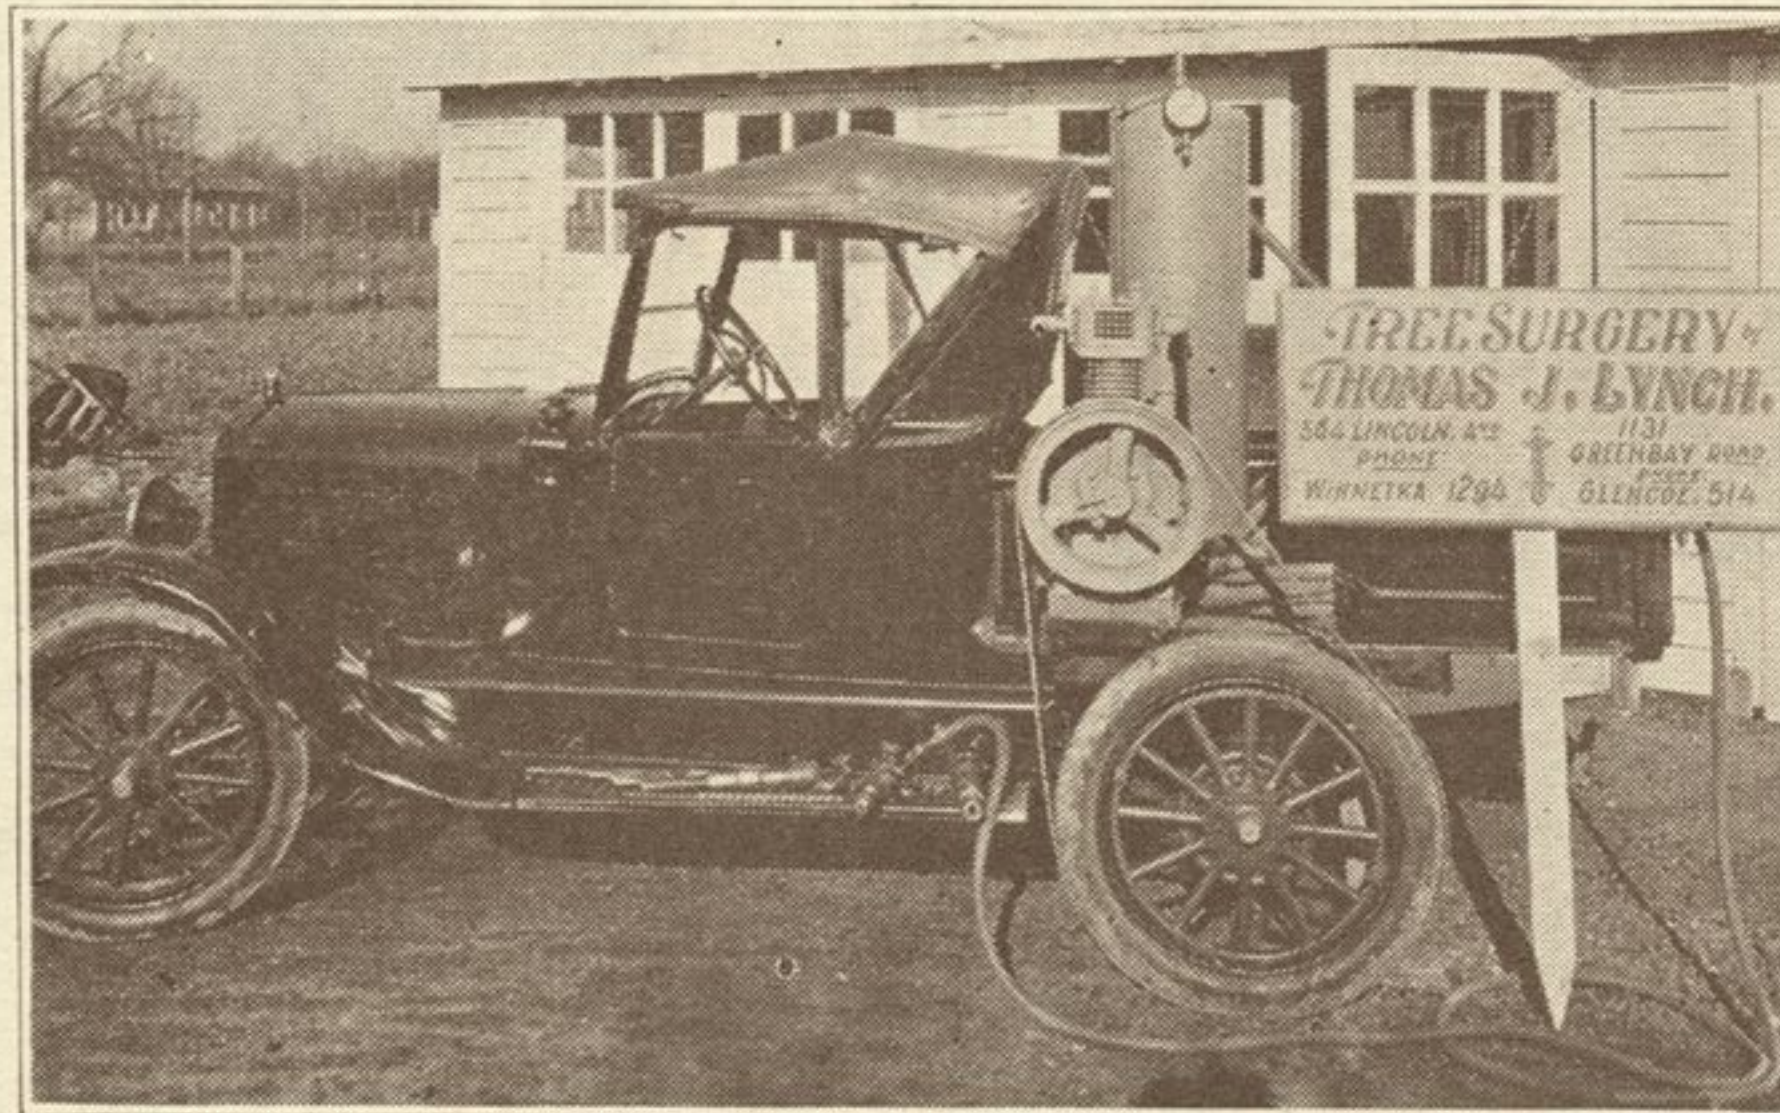

This status of this organization is indicative of the time we have spent to perfect the service we render. We have achieved what success is ours—it didn't just "happen."

Superior Ambulance Service

The Oldest Established Undertakers in Wilmette

This machine saves you 25% on the cost of your tree cavity work

A MOST important addition to the equipment of the Lynch organization this season is the Van Yahres Tree Service method. The introduction of this pneumatic system with its speed and efficiency is a factor which greatly reduces the cost of cavity work, at the same time adding immensely to its effectiveness. The pneumatic chipper delivers 2,000 blows per minute, as compared with the obsolete hand method—45 blows a minute. The Van Yahres is also fitted with drill

heads for boring. A compressed air plant mounted on a truck chassis makes this modern service available everywhere.

In selecting your tree surgeon, consider the five essentials of experience, equipment, dependability, known reputation and intensive technical knowledge. On this basis, the choice of hundreds of North Shore property owners has dictated, year after year, the services of the organization of Thomas J. Lynch.
