

New Gas Range Time Is Here!

Buy Yours on Our Budget Plan

We'll make you a liberal allowance on your old stove when you buy a modern oven heat regulated gas range

Spring turns the housewife's thoughts towards house cleaning and the necessity of getting rid of rubbish—dirt—and worn out articles that seem bound to collect during the winter. Where is a more logical place to begin this cleaning than in the kitchen? Each housewife spends more of her working hours in the kitchen than in any other room in her home — unless she has the appliance that holds the secret of turning these working hours into hours of leisure. An old style cooking stove only adds to the drudgery of kitchen duties—but a new, up-to-date oven heat regulated gas range works with a minimum of attention. When you "clean out" your kitchen, include your old stove. Our offer makes it possible for you to own a brand new, shiny gas range that will brighten up your kitchen and make cooking a pleasure.
