The luncheon was given to draw the allied conservation interests of the State federation and district federations closer to the other organizations representing the conservation idea and ideal, notably the Chicago Plant, Flower, and Fruit guild, the Wild Flower Preservation society, and friends of the American Landscape, and as a fitting prelude to Conservation week which began this last Monday. Mrs. Lind spoke by request on the advisability of a sub-committee being formed in the State federation under the conservation committee to promote the Garden Idea in the federation and recommended this course of procedure to make it a growing thing.
