Clothes Are Not Rubbed**

**W**E wash all of your clothes just as you yourself would wash the daintiest of underthings, for we gently souse them in sudsy water in such a way that no damage possibly could come to the fabric or the coloring. No rubbing, no scrubbing—just gentle swishing in filtered rainsoft water. Many rinses insure scientific cleanliness.

Photography Contest**

First place in the photography contest conducted by the Lens club of New Trier High school recently under the direction of H. H. Herron, faculty sponsor of the club, was awarded by the judges last week to Joseph Riddle, 995 Oak street, Winnetka. The picture, an unusual one, was taken just east of Sunset Ridge Country club located west of Winnetka and is featured on the cover page of this issue.

Second prize in the contest was awarded to Richard Rossman for a photograph "snapped" just off the Glenview road near the North Shore Golf club. An engraving of this picture was carried in the March 24 issue. Honorable mention was given to David Riddle, a brother of Joseph.

More than a hundred pictures were entered in the contest, many of them of outstanding quality, and the judges experienced considerable difficulty in making their selections. The judges were B. E. Christensen of Hattstrom and Sanders of Evanston, Miss Katherine Murphy of the New Trier faculty, and H. A. Armstrong of Lloyd Hollister Inc.
