

**Fun-Rally**

A wool-hunt, a shoe-scramble, three-legged race, and several other fun events will be the high spots in the annual Council-wide Fun-Rally to be held Saturday afternoon and evening, May 12, at the Cabin-in-the-Woods. This is an event that was attended by more than 300 Scouts and their parents last year. After the Fun-Rally in the afternoon each troop will have a picnic lunch—the evening will be given over to a monster campfire program in which advanced awards for advancement honors will be given. This will serve as the 2nd quarterly court of award for 1928. Every troop is asked to prepare for the time of their lives and 100% attendance.

**Outdoor Roundtable**

All Scoutmasters and assistant Scoutmasters of the North Shore Area council will again be the guests of the council at a "feed" and fellowship get-together Monday evening, May 21, at the Cabin-in-the-Woods. This is planned as the big session of the Spring and the committee is at work in extending the invitation so as to have as nearly 100% attendance as possible. No speaker is being arranged for,—the entire evening will be given over to the exchange of opinion and the fellowship of talking over common problems.

**Coming Events**

- Highland Park-Highwood Scoutcraft Field Day—Saturday, April 28
- Highland Park Board of Review—Monday, April 30, 4 P. M.

- Camp Checagau first period opens June 25

**The Talk of the Troops**

Troop 55 of Glenview boasts of many things. One of them is that last Saturday they had the youngest scout in the world. No boy can be a scout until he is 12 years of age. Scoutmaster Stanton learned that John Woods was born at exactly 6 p. m. on April 14, 1916. Some weeks ago John began working on his Tenderfoot tests and was prepared to pass them satisfactorily before his birthday. Nineteen seconds after he had become 12 years of age, he was declared a Tenderfoot by his Scoutmaster.

Building Eskimo kayaks, row boats, and sail boats in the camp shop; cruising among the islands in Green Bay, camping and exploration trips on the mainland; building cabins, shacks and tree houses in the woods; horse back riding along the miles of forest trails; swimming and diving; nature hikes, woodcraft, camp music, and pageantry are some of the activities of this unique camp.

Adventure Island is limited to forty boys, seven to fourteen. Seventh season. Trained councilors, one to each four boys. Nine hours' drive from Chicago.

**North Shore Man Coaches Soccer at State University**

Spring soccer practice started this week at the University of Illinois with fifty men reporting to Coach A. Price for the initial drill period. Coach Price will have charge of the men, assisted by John McFadzean of Winnetka, a last year's varsity letter man.

The purpose of the spring practice is to get a line on new men, teach fundamentals, and give the regulars additional practice.

Soccer was introduced into the Big Ten last fall. A few months ago the University of Illinois made soccer a major sport, this being the first school in the Middle-West to put soccer on a par with football, basketball, baseball and track.

Last fall the Illini team played two conference games, one with Ohio and the other with Iowa.

The North Shore alumnae of Gamma Phi Beta sorority met for luncheon last Monday with Mrs. C. W. Snyder, 253 Franklyn road, Glencoe.

**ART CLUB HAS PARTY**

The Art club of New Trier High school met last Friday afternoon and in the evening held a party at the home of Tom Wilson, 415 Ninth street, Wilmette.

**DESIGNED FOR A PURPOSE**

Those who study to become Interior Decorators are learning to create lovely designs such as are being used in the most selective circles to beautify the home. In this department design, as taught by Mr. Eddy, Mrs. Danielson and Mr. Harringer, is a complete and perfect foundation for a life of artistic activity.

But in the EVANSTON ACADEMY OF FINE ARTS design is not confined to these departments, for we regard it as the true basis of all artistic expression. Even in such classes as are drawing the nude figure, the greatest emphasis is laid upon design, so that the students may not in the end simply have learned to copy what is before them but they may find themselves equipped to bring to this world beautifully conceived ideas well designed and executed.

School Exhibit May 17 to 19 Inclusive.  
Summer School Begins July 9th.
