

# Do Your Hot Water Faucets Tell the Truth?

With an EverHot Automatic Gas Water Heater in the basement they always mean what they say.

Hot water plays an important part in the every day life of the entire family. It is one of the greatest factors in efficient housekeeping. No greater comfort can be brought to any home than a constant supply of running hot water at every faucet.

The EverHot Heater is entirely automatic; it will deliver a constant supply of hot water without any thought or attention and at a minimum cost for gas.

## For Sound Advice

In the selection and proper installation of an automatic water heater, consult your local plumber. His experience with all types of water heaters will be an invaluable aid to you in getting the proper heater for your home. Your local plumber will be glad to help you solve your hot water problem. Phone him now.
