GERMAN EDUCATORS TO VISIT LOCAL SCHOOLS

29 Outstanding German School Heads on Tour of U. S., Arrive Here Tuesday

Twenty-nine of the most prominent German educators, who are making a tour of the United States, visiting the most outstanding of educational institutions in this country, will arrive in the Chicago area on Tuesday of next week.

On Tuesday morning they will come to Winnetka where they will confer with Supt. Carleton Washburne of the Winnetka Public school in connection with the Winnetka plan of education.

On Wednesday morning they will visit the Skokie school and will study the junior high school system of the local school. On Wednesday afternoon they will visit the North Shore Country Day school.

Thursday they will be conducted on a tour of New Trier High school by either Supt. Frederick E. Clerk or Dean of Boys Frederick Kahler. They will then be addressed on the subject of the New Trier adviser system and curriculum by Mr. Clark or Mr. Kahler.

The German teachers will come to Winnetka direct from Milwaukee, Wis., having landed in New York on April 1, and having since then visited in Albany, Ithaca, Rochester, Buffalo, and Niagara Falls, New York; Cleveland, Ohio; Detroit, Ann Arbor, Ypsilanti and Kalamazoo, Michigan. From here following a tour of the places of interest in Chicago, they will go to St. Louis, Mo., and from there on a tour of Tennessee, North Carolina, Washington, D. C., Pennsylvania and back to New York.

The twenty-nine educators are as follows: Olga Behrens, Berlin; Josef Diel, Berlin; Louise Diel, Berlin; Otto Dorner, Essen; Fritz Duhring, Leipzig; Margaret Ehlert, Berlin; Otto Emerleben, Magdeburg; F. Grussendorf, Brandenburg-Havel; Franz Hilker, Berlin-Schoneberg; Julius Juschka, Furstenwalde-Spree; Albert Kuhne-mann; Berlin-Panknow; Gertrude Manthey, Berlin-Lichterfelde; Hinrich Medau, Berlin; Peter Petersen, Jena; Otto Metzner, Buchholz-Sachsen; Kurl Richter, Berlin-Dahlem; Heinz Schiefer, Stuttgart-Zuffenhausen; Elisabeth Schulte, Duisburg; Otto Schultze, Koningsberg-Pr.; Sebald Schwarz, Lubeck; Peter Trumm, Munchen; Mara Typke, Berlin; Dora Wagner, Dresden; Nikolaus Wallner, Berlin-Tempelhof; Gotthold Wankmuller, Tubingen; Anna Wildermann, Dusseldorf-Oberkassel; Elisabeth Winkelmann, Berlin; Albert White, Hustadte; Theodora Zender, Bonn.

Young People to Discuss Social Service Activity

"Social Service" will be the subject at the meeting of the Young People's Fellowship of Christ church this Sunday evening. The speaker is Miss Caroline Averill of Evanston. Miss Averill is a graduate of the Boston School for Social Workers and has had a unique experience at Roxbury Settlement, Boston, and Hull House, Chicago. The meeting will begin with supper at 6:30 o'clock.

Bible Teacher

The Rev. S. C. Theodore Ramsey, well known Bible teacher of Moline, Ill., is coming to the First Scandinavian Evangelical church next week to conduct a rather unusual series of meetings. He will bring with him a miniature model of the Old Testament Tabernacle in the wilderness, which he has constructed, and by means of which he will illuminate Gospel truth as it centers in the person and work of Christ. The general theme will be "The Old Testament Tabernacle as a Type of Salvation Through Jesus Christ."

These services begin Tuesday evening, May 8, and continue each night, including Saturday, with three meetings on Sunday, May 13—11 a. m., 4 p. m. and 7:30 p. m.

Wherein Winnetka Talk Is Guilty of an Error

An article in last week's WINNETKA TALK stated erroneously that Mrs. Roland Whitman is president of the Winnetka Music club. While Mrs. Whitman has been prominently identified with the Winnetka Music club for several years and was at one time its president, she does not now hold that office. The officers of the Music club are:

Mrs. H. L. Street, president
Mrs. Arthur Dean, secretary
Mrs. E. C. Carstrom, treasurer
Mrs. Louis Schmid, vice-president and chairman of program
Mrs. Preston Burlingham, social chairman

SPEAKS ON "BURDEN SHARERS"

"Burden Sharers" is the topic announced for the sermon by Rev. James Austin Richards at Winnetka Congregational church, Sunday morning at 11 o'clock. At the 5 o'clock vesper service, Rev. Thomas A. Goodwin will speak on the recent book, "Shoddy," by Dan Brummitt.

Council Favorable to Suggestion for Ash Street Shelter

Village Trustee Carl J. Easterberg, chairman of the Public Utility committee of the Village council, at the meeting of that body last Tuesday evening again brought up the suggestion of the Chicago, North Shore and Milwaukee railway that the present waiting shelter between Ash and Cherry streets be razed and that a new structure be provided at the Ash street crossing where no shelter house now exists.

Inasmuch as Ash street is the last southbound stop before Indian Hill, it is felt that some adequate provision for these accommodations should be made at this point for patrons of the road.

To provide a station here, the railroad will be required to lease a portion of the right-of-way of the Chicago & North Western railroad, it is said.

A traffic count taken at the Oak-Cherry street station a few weeks ago revealed that very few people board the North Shore trains at this point and, furthermore, an account of the proposed change which appeared in a recent issue of WINNETKA TALK did not bring forth any objections.

In view of these facts, the Village council felt justified in voting tentative approval of the suggestion for the proposed change, pending the filing of definite plans for consideration.

Sunday Evening Club to Meet at Beach Sunday

The Winnetka Sunday evening club will meet Sunday evening on the beach, just north of the pumping station at 6 o'clock. Supper will be served at 6:30. This will be the last meeting of the year, it is announced.

CHRISTIAN SCIENCE SUBJECT

"Adam and Fallen Man" will be the subject at the First Church of Christ, Scientist, in Winnetka, Sunday morning, May 6, at the 11 o'clock services.

If you have not yet seen our new printing plant, pay us a visit soon. Come any time—we operate day and night.

APPOINT ESSINGTON ABATEMENT ATTORNEY

Former State Senator Selected by Mosquito Abatement District for Legal Advisor

Plans for the summer's program in the campaign toward the eradication of the mosquito were largely completed by the board of trustees of the North Shore Mosquito Abatement district at their meeting at the Wilmette Village hall last Wednesday night.

District superintendent William Edwards was authorized by the board to effect a contract for the purchase of oils to be used for spraying pools, ditches and catch basins.

Retained as Attorney

Former state senator Thurlow G. Essington was appointed attorney for the district. Mr. Essington has previously greatly assisted the north shore in connection with its campaign for the suppression of mosquitos, it is pointed out, having assisted in the drafting of the bill which provided authorization for the formation of the district and having done considerable other work for the district.

A map of the district, the preparation of which had been previously authorized by the board, was submitted to the board by Windes and Marsh, civil engineers.

In order to facilitate the planning for and actual accomplishment of the work to be done, the district has been divided into several sections by Supt. Edwards, it was reported.

District No. 1, which will be looked after by Mr. Edwards personally, comprises the whole built-up section from the county line to the south limits of Evanston and from Lake Michigan to the east edge of the Skokie. As soon as the oil trucks, which have been ordered, are delivered, Mr. Edwards plans to place two of the trucks in this district, one from the south limits of Evanston to Lake street, Wilmette, and the other from Lake street north to the county line. These trucks will be used to spray all of the catch basins in the towns along the shore. There are over 800 catch basins in Wilmette and 1,200 in Evanston, providing an excellent place for the breeding of mosquitos, it is pointed out.

District No. 2 comprises all of the territory from the east edge of the Skokie to Pfingsten road and from the county line to the south limits of Glenview.

District No. 3 comprises all of the territory from the south limits of Glenview to the south limits of the district and from the east edge of the Skokie to the west limits of the district.

Districts Have Foremen

Districts 2 and 3 will each have a foreman, whose duties will be to locate mosquito breeding places, to make suggestions as to the work and to see that all of the work laid out for that district is carried out. He will be the trouble man in his district, and all complaints in the district will be turned over to him. Oil truck No. 3 will cover both districts 2 and 3, as Mr. Edwards' surveys reveals that there are only a few catch basins to take care of in the Village in this territory. Mr. Edwards will, of course, supervise the foremen in each of the districts and all of the work in the entire district.
