A State Bank

**What Is Your Idea
of a Good Bank?**

OF COURSE the Bank you select must first of all provide you with safety. It must be backed by ample resources to assure that safety. It must be organized into a sufficient number of essential departments to take care of every banking need that may arise.

But you want your Bank to have something *more* than these. It must be convenient to your home or place of business. And above all it should not be lacking in the helpful and friendly personal contact that makes your banking transactions a real pleasure by reason of sincere co-operation generously rendered.

Banking Hours: 8 to 3; Saturdays 8 to 12:30
Monday Evenings 7 to 8
