Let the Conover

Be Your Willing Slave

Walk out of your kitchen ten minutes after you have finished your dinner! Your dishes are immaculately clean, dry, ready for the next meal.

The Conover has (with no effort on your part) taken just ten minutes to accomplish what it usually takes half or three quarters of an hour to do.

It's so easy to wash your dishes the Conover way. Try it for one week in your own kitchen.

Cleans itself while working.
Rolls away into convenient corner.

No new plumbing.
Fills from faucet.

Summer Camps Are Calling

While "See the home town first" will probably be working for several weeks yet and both the younger and older lovers of nature will be strolling down Village streets, viewing the forsythia that graces almost every lawn and the tulips that are just bursting forth in riotous color, still, "it won't be long now!"

The above scene was taken last year by Scoutmaster Robert W. Townley of Kenilworth at the camp in Canada conducted each year by Duke Childs, head of the department of physical training at New Trier High school, assisted by Mr. Townley and several other north shore boys' leaders.

Illinois' only woman representative in Congress was Winifred Mason Huck, elected in 1922.

The University of Illinois, in 1906, established the first railway engineering department in America.

Imported from England Infants' Half Socks of Quality
