WINNETKA AND GLENCOE MEET IN SEASON OPENER

Ancient Rivals to Pry Lid Off of Local Baseball Season Here Sunday

By Sockm Harde

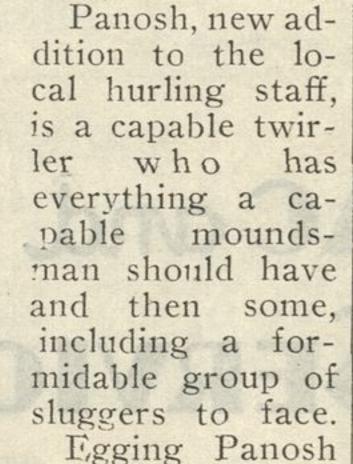

The Winnetka diamondeers wound up preliminary training this week and tomorrow, Sunday, will venture into their first game of the season.

Glencoe, the selected foe for the locals, has also made preliminary preparations for the tilt, thus making this traditional baseball feud all the more interesting.

With both outfits well re-enforced this season by several new local luminaries, the battle promises to be as hotly contested as in previous years.

A glance at this year's line-up discloses that the Winnetka battery will be something for the Glencoe glove-

to bigger and bet-

Fid. Runnfeldt

ter efforts will be "Bill" Carey. backstop deluxe, who combines some hitting talent with his catching and oratorical proclivities.

Despite the prospect of having to contend with some illusive flinging offerings from Panosh, the Glencoe aggregation is placing a great deal of faith in the work of a trio of prominent stick wielders to garner a sufficient number of tallies to keep the battle interesting.

Hohlfelder, M. Rudolph, and Bill Schroeder are the cognomens under which Glencoe's plate triumvirate labor, and despite the monicker handicap, the trio is capable of prodigious results at the plate.

Glencoe nine will be lessened this week by the work of Winnetka's gardeners and infielders.

Carl Mellick, the classy first baseman of last year's winning team, will again cavort about his favorite sack. Mellick is a flashy infielder, and is one of the best seen on the local diamond in many years.

Jimmie Miller and Al Izard, the latter a new-comer, will guard the other sacks, second and third, respectively. Johnnie Lyndholm is another ball player deserving of the monicker "classy," for Johnnie is all of that, as he can also toe-hold and sock the "apple."

Glencoe Making Threats

In the outfield, Fid Runnfeldt will again roam about in left, Jack Woods or Pete Luchessi will snag any flies from the bats of the heavy hitters of Glencoe, in center, and George Rudolph will duplicate in right.

Glencoe, as yet, has not announced its battery for this week's game, but Bill Schroeder states that he will have a combination that will curtail the run-making tendencies of the Win-

netka athletes.

"This novel is as superior to 'Elmer which is Harold Snell, chairman, and Gantry' as it is different from it. The author is not merely concerned with exposing weaknesses, but has constructive purposes. There is no sneer in his writing like such as we find in Authors' League President most critics of the church; at the same time he is fearless and has an undeniable familiarity with the facts."

Observe Membership Sun. at Congregational Church

The first Sunday in May is designated as annual membership Sunday at Winnetka Congregational church, at which time not only the young people's class of the Church school is admitted to membership in the church, but it is departure in the early summer, act as freshman athletic meet, with first also an occasion when many others place in four events, and second, fourth, are taken in. The members of the young people's class which joined last Playfield, will be called at 3 o'clock which he will receive a silver loving year, will act as escort to the class this year.

RED HARNESS FOR DOGS MAY CHASE THE RABIES

Trustee Walter A. Strong Terminates Council Discussion With Novel Suggestion

Should fashion decree that Winnetka dogs which have been immunized against the disease of rabies don some sort of a bright colored harness, preferably red, before being permitted to appear on the streets of the village, it is felt by some that the many canines whose owners have not complied with the regulations pertaining to immunization of their pets would feel so disgraced that they would absolutely refuse to leave their home premises.

Furthermore, the wearing of the proposed red harness by immunized dogs, would enable the police to quickly detect the other animals, which, it is felt, dangerous to be at large, and by being empounded would further aid in stamping out the threatened epidemic of rabies.

This doggone question occupied more than thirty minutes of the session of the Winnetka Village council Tuesday evening.

Past proclamations by President Henry F. Tenney that dogs be either muzzled, immunized or shut up, at home, have failed of results, it was pointed out.

New cases of rabies keep showing up, and the council agreed with President Tenney that more drastic measures should be taken, but what shall they be?

The whole matter was finally left with President Tenney, who is to confer with Chief of Police W. M. Peterson, to devise some plan.

Chief Peterson has some well defined opinions of his own on the subject. He feels that it is a matter on which all the villages of the north shore should unite, in the adoption of uniform, drastic regulations, if it is really desired to check the epidemic.

In Glencoe, for instance, a proclamation has gone forth, that, for a period of thirty days, no dogs will be permitted on the streets unless restrained at the end of a leash.

President Tenney, during the discussion Tuesday evening, said there are 900 licensed canines in Winnetka, in addition to the 'stray dogs, and that the latter constitute the real menace.

Trustee Doris Benson wanted to know about how many 'stray dogs there are, but the otherwise complete statistical files on dogs does not reveal this fact.

Trustee Walter A. Strong gave color to the discussion by suggesting that all dogs be compelled, when appearing on the streets, to wear some sort of a red harness, or collar, a suggestion which brought back from the land of nod an obviously bored collection of spectators.

Trustee H. L. Raclin recommended that in the future, owners desiring dog licenses be required to show a certificate that the dog had been inoculated.

to Address Matrix Banquet

Inez Haynes Irwin, president of the Author's League of America, has been named chief speaker for the fourth annual matrix banquet of the Northwestern University chapter of Theta Sigma Phi, women's honorary and professional journalistic fraternity, to be held at the Orrington hotel, Evanston, May 15. Others speakers will include Marion Stroebel Mitchell, Chicago poetess, and Genevieve Forbes Herrick, feature writer for the Chicago Tribune. Four hundred invitations have been mailed out to Northwestern co-eds and women prominent in journalism or public life.
