

## DYNAMITE AND OIL TO CHASE SKEETERS

(Continued from Page 1)

is no danger. Tony and his men have all been approved by the Dupont Powder company, understand thoroughly the dynamiting game in which they are engaged and their work cannot be accomplished without a little noise resulting from the explosions, but there is absolutely no danger.

"Be a little patient while the noise from the blasting is going on, keeping in mind that this is, in reality, the first and foundation step in real accomplishment of that for which the entire north shore for so many years has been clamoring, eradication of the mosquito menace.

"The boards of trustees of the several villages, as well as the North Shore Mosquito Abatement district, appreciate the co-operation being given in this work by the Chicago Sanitary district."

Superintendent Edwards regrets the District was late in getting started. The work should have been under

way in April, he said, but the delay was due to the fact that the election creating the district, and providing the finances did not make the latter available sooner. And, in the meantime, there was also a vast amount of preliminary work to be done in the way of organizing, laying out plans, and obtaining equipment.

### Villages Promise Help

Practically all the towns have written to the Mosquito Abatement district assuring their support and co-operation in every way.

Superintendent Edwards again urges all householders to do their part in seeing to it that no mosquito breeding places are permitted to exist about their premises. Should they know of such places they will confer a great favor to not only the Mosquito district organization, but to the entire community as well, by telephoning Mosquito Abatement district headquarters, Glencoe 314.

E. Jerome Ellison of 310 Walnut street, Winnetka, who is attending the University of Michigan and is a member of Zeta Psi fraternity, has been appointed to the editorial staff of the college paper known as the "Gargoyle."

## Senior Girls Decide Upon Dress for Graduation Day

The girls of the Senior class of New Trier High school met Tuesday morning, May 8, to discuss plans for graduation. It was decided that the girls would wear white, and the chorus, which will be placed behind the graduating girls, will wear pastel shades, which will make a lovely background for the white dresses of the other girls. It was also voted that white shoes be worn, but whether the stockings be white, flesh color, or any other light shade would not matter, it was decided. The flowers are to be corsages. The only restriction on dresses is that they have long sleeves. Most of these arrangements were approved by unanimous vote after some discussion.

### MOVES TAILOR SHOP

George Gordon, the tailor, has moved from 569 Lincoln avenue, Winnetka, to the Linden Manor building, Linden avenue, Hubbard Woods. He is the first occupant of the stores in the new Linden Manor building. McGuire & Orr negotiated the lease.

**STRAW  
HATS**  
that  
"head" them all  
for style

*Black Banded*  
**SWISS YEDDOS**  
**\$5.00**

Its crown and brim are medium; has black band. Club colors in bands are also good

*Square Crown*  
**PANAMAS**  
**\$3.50 to \$7.00**

Its crown is square. The brim is wide and floppy. The band is narrow, and all black

*Telescoped*  
**LEGHORNS**  
**\$3.00 to \$6.00**

Its color is a light brown. It has a medium brim—may be worn turned up, or down all around
